Gateway kicks off Spring 2013

Adult High School courses

Program offers a way for adults, at least 18
and a few credits short of high school graduation, way to receive diploma

Adults a few credits short of completing their high school diploma should consider enrolling in the Adult High School program at Gateway Technical College's Racine Campus.

Reasonably priced classes are available starting Jan. 14 in math, history, government, social sciences and English.

Classes are offered in the daytime as well as evening to accommodate working adults. To qualify, students must be at least age 18 and not currently enrolled in high school.

Every year, Gateway provides the opportunity for many adults the three counties it serves – Kenosha, Racine and Walworth – to earn their adult high school diploma.

Those interested should contact Rosalva Santana (262) 619-6612 or Kevin Gerou at (262) 564-2348 to have their high school transcript reviewed before registration.

Gateway Technical College collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
