**Gateway to present leadership class  
On speed-to-market concepts**

Gateway Technical College's Innovation Center will present Rapid Innovation and Growth, a daylong workshop geared toward top decision-makers and key executives who are focused on fueling business growth with new products. The June 26 seminar will be held 8 a.m. to 5:30 p.m. at Gateway's SC Johnson integrated Manufacturing and Engineering Technology Center, 2320 Renaissance Blvd., Sturtevant.

Presented by Mike Dalton, of Guided Innovation Group, the seminar will present methods for attendees to bulletproof their project plans, maximize their new product flow and ensure only the best opportunities get resources, among other concepts.

Cost is \$695, which includes workshop materials, lunch, refreshments and a complimentary copy of Dalton's book, "Simplifying Innovation." To register, go to [gtc.edu/webadvisor](http://gtc.edu/webadvisor), then:

1. Select Professional Development
2. Click on Professional Development a second time
3. Click on Rapid Innovation and Growth

Those who register by May 31 can receive up to three extra copies of the book.

For full details, go to: <http://www.gtc.edu/wedd/rapid-innovation-growth>.

Gateway Technical College collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
