**Gateway to offer water career event
for high-schoolers at SC Johnson iMET Center**

High-schoolers considering an environmental- or water-related career are invited to attend a Gateway Technical College event aimed at providing them a broad overview of the skills and components of work in this expanding industry.

Gateway's Center for Sustainable Living presents Careers in Water – A High School Sustainability Seminar, 4 p.m. to 5:15 p.m. May 30, at the SC Johnson iMET Center, 2320 Renaissance Blvd., Sturtevant.

This is a free event for all high school students. An overview of water-related careers, from engineering to research, watershed management, wetland related work and more will be presented. Guidance counselors, teachers and parents are also welcome.

For more information, contact center manager James Gray at (262) 564-2196, or grayj@gtc.edu.

Gateway Technical College collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
