

Annual Comprehensive Financial Report *(with Independent Auditors' Report)*

2022

FOR THE FISCAL YEARS ENDED
JUNE 30, 2022 AND 2021

Serving Southeastern WI

To provide equal employment, advancement, and learning opportunities to all individuals, employment and student admission decisions at Gateway will be based on merit, qualifications, and abilities. Gateway will not discriminate against any employee, applicant for employment, student or applicant for admission on the basis of race, color, national origin, ancestry, sex, sexual orientation, creed, religion, political affiliation, marital status, parental status, pregnancy, disability, age, membership in any reserve component of the armed forces, union affiliation, or any other protected category under applicable local, state or federal law, including protections for those opposing discrimination or participating in any resolution process on campus or within the Equal Employment Opportunity Commission or other human rights agencies.

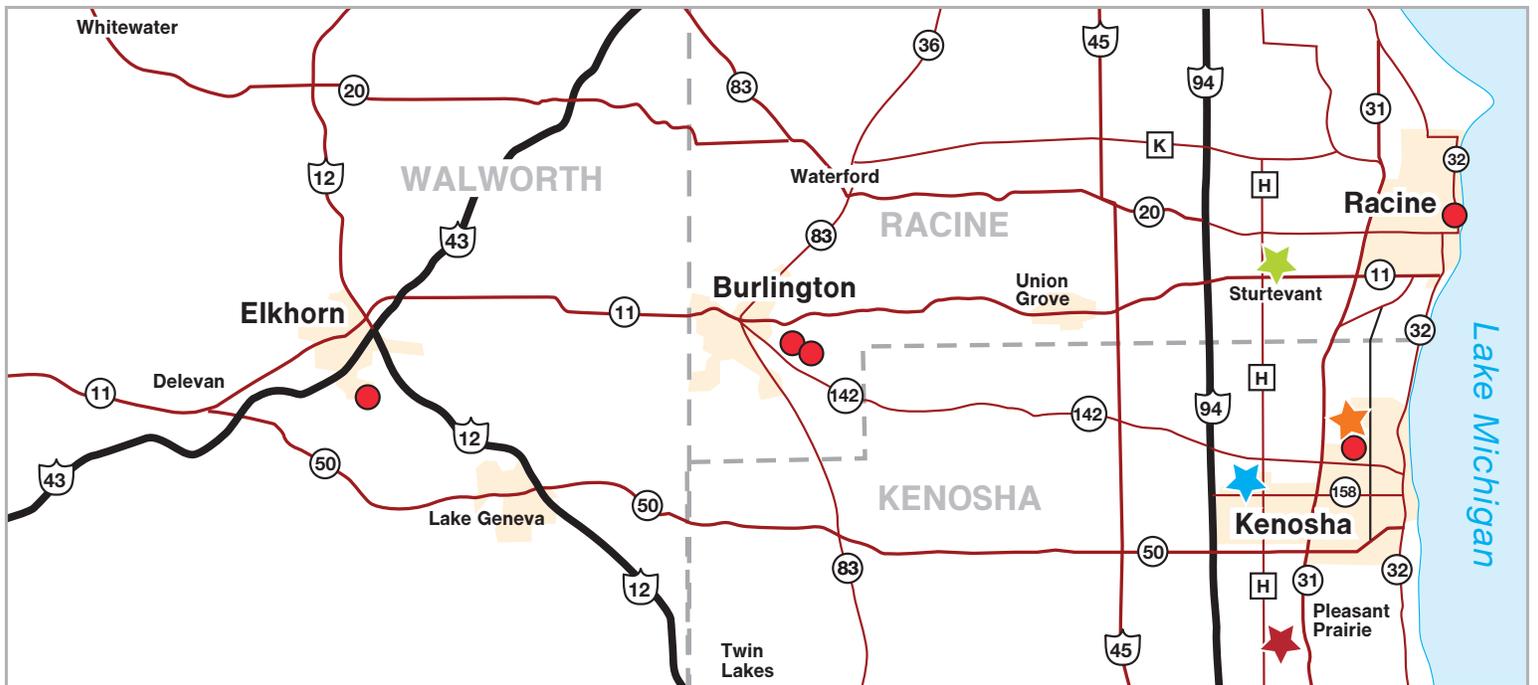

As a recipient of federal financial assistance for education activities, Gateway is required by Title IX of the Education Amendments of 1972 to ensure that all of its education programs and activities do not discriminate on the basis of sex/gender. Sex includes sex, sex stereotypes, gender identity, gender expression, sexual orientation, and pregnancy or parenting status. Gateway also prohibits retaliation against any person opposing discrimination or participating in any discrimination investigation or complaint process internal or external to the institution. Sexual harassment, sexual assault, dating and domestic violence, and stalking are forms of sex discrimination, which are prohibited under Title IX and by Gateway policy. Any member of the campus community, guest, or visitor who acts to deny, deprive, or limit the educational, employment, residential, or social access, opportunities and/or benefits of any member of the Gateway community on the basis of sex or any other protected class listed above is in violation of Gateway's policy on Equal Opportunity, Civil Rights, and Sexual Harassment. Any person may report sex discrimination (whether or not the person reporting is the person alleged to have experienced the conduct), in person, by mail, by telephone, by video, or by email, using the contact information listed for the Title IX Coordinator (below). A report may be made at any time (including during non-business hours) by filing a report at gtc.edu/safety or sending an email.

November 10, 2022

**To the Citizens and Board of Directors, and College Community of Gateway
Technical College District:**

The Annual Comprehensive Financial Report (ACFR) of Gateway Technical College District (the District or Gateway) for the fiscal years ended June 30, 2022 and June 30, 2021 is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

This report is consistent with legal reporting requirements of the State of Wisconsin, and in our opinion was prepared in conformity with generally accepted accounting principles. In addition to meeting legal reporting requirements, this report is intended to present a comprehensive summary of the significant financial data of the District in a readable format to meet the varying needs of the District's citizens, taxpayers, students, employees, financial institutions, intergovernmental agencies, and the Wisconsin Technical College System (WTCS).

Generally Accepted Accounting Principles (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

Gateway – Environment

Gateway Technical College District is one of 16 technical colleges in the Wisconsin Technical College System, providing quality workforce training and educational instruction which has been meeting the needs of area students, employers and the communities for more than 100 years.

Gateway's longstanding history has enabled it to become the outstanding institution it is today. In 1911, Gateway became the nation's first publicly funded continuation school (Racine Continuation School). In 1971, the District was established when the Kenosha, Walworth, and Racine County districts merged to form our name predecessor – Gateway Technical Institute. Gateway is a fully accredited two-year technical college that provides cutting-edge career education and technical training in Kenosha, Racine, and Walworth counties.

Gateway remains firm in its commitment to provide a quality education to all students to positively impact their lives, and to also impact the communities which it serves. Gateway consistently strives to seek innovative ways to institute more flexible methods of education delivery, develop community and business partnerships as well as incorporate green career initiatives. Gateway continues to distinguish itself as an industry leader and one of the top technical colleges in the nation. We strive to make life-changing educational opportunities a reality.

In addition to three full-service campuses in Kenosha, Racine and Elkhorn, Gateway operates a center in Burlington and four advanced technology centers: Lakeview Advanced Technology Center in Pleasant Prairie, the Inspire in Kenosha, the SC Johnson Integrated Manufacturing and Engineering Technology Center in Sturtevant and the Horizon Center for Transportation Technology in Kenosha. Gateway also owns and operates the public radio station WGTD-FM 91.1 at the Kenosha Campus.

Gateway serves nearly 6,000 students, mainly from the counties of Kenosha, Racine and Walworth and remains an educational leader that aggressively ensures it delivers graduates who have learned real-world technical skills that get them hired.

The college is led by a board of trustees, administration, staff, and faculty who are committed to innovation, excellence, and meeting the communities' needs.

Gateway Technical College Governance

Gateway Technical College is governed by a nine-member Board of Trustees, which is appointed by a committee comprised of the chairpersons of each of the three county boards—Kenosha, Racine, and Walworth. The Board of Trustees, with Administration, recently developed, approved, and are conducting business according to the following Ends Policies and Mission, Vision, and Values statements.

Board Ends Policy

The tri-county community benefits from affordable higher education that allows residents to develop knowledge and skills for family-supporting careers that contribute to the growth and sustainability of the local economy at a cost commensurate with the value of services provided.

1. Students demonstrate the knowledge and skills and self-confidence required for employability, career advancement, a global perspective, and lifelong learning.
2. Businesses benefit from a well-trained, educated workforce and access to customized business and workforce solutions that support a positive business climate.
3. Taxpayers receive a positive return on investment from Gateway's impact on the local tax base, property values, and overall economic development as well as the contributions of graduates to the tri-county community.
4. Families are strengthened by the prosperity of their graduates, reduced unemployment or underemployment, and the availability of local jobs for family members.
5. Educational partners, locally, nationally, and internationally, connect their students to Gateway's well-developed career pathways courses, facilities, and educational resources.

Vision and Strategic Direction

Our Mission: We deliver industry-focused education that is flexible, accessible, and affordable for our diverse community.

Our Vision: We make life-changing educational opportunities a reality.

Values

At Gateway Technical College, we value:

- Diversity of individuals and perspectives
- Positive climate for working and learning
- Innovation and risk-taking
- Honest and ethical behavior
- Quality and excellence in education

During fiscal year 2021, the Gateway Board and Administration refined the college's strategic direction as we looked to the future and all the opportunities it affords to impact the lives of our students and our community. As a result, a new strategic plan, Vision 2024WARD was developed to span three fiscal years. This plan is centered around three Strategic Directions that are deemed essential to the continued success of the college. They are as follows:

- Gateway is an agent for advancing diversity, equity and inclusion
- Gateway programs and services respond to current and future community needs
- Gateway cultivates a positive climate for learning and working

Significant Recognitions

Gateway was designated as a top 10 Military Friendly School by Victory Media, placing ninth best in the Large Community College category for its work to meet the needs of veteran-students. The project also named Gateway a 2022-23 Military Spouse Friendly School.

WGTD FM, the area Wisconsin Public Radio and National Public Radio affiliate owned by Gateway Technical College, won several statewide awards at the Wisconsin Broadcasters Association Awards ceremony.

Economic Condition and Development

Wisconsin's economy was slowed by effects of the COVID-19 pandemic, but has started to rebound. The U.S. Bureau of Labor Statistics' unemployment and employment estimates showed Wisconsin's not-seasonally adjusted June 2022 unemployment rate at 3.5 percent. For the same time period, the unemployment rate in Kenosha County was 3.8 percent, Racine County 4.3 percent and Walworth County 3.4 percent. Those rates compare to June 2021 numbers of 5.3 percent in Kenosha County, 5.6 percent in Racine County, and 4.3 percent in Walworth County.

The economy of Gateway's three-county district of Walworth, Racine and Kenosha have collectively been negatively impacted by COVID-19. The COVID-19 pandemic has potentially lasting implications for businesses on a global scale. Pandemic related factors impacting our district economy are complex and evolving.

Our area workforce, location, educational opportunities, and infrastructure combined with our region's strong manufacturing base attract new companies. Through its ability to provide flexible and solid training, Gateway continues to be recognized as one of the reasons why companies are drawn to the community and the District strives to quickly build strong partnerships with these new businesses.

Through its responsiveness to business needs as well as providing well-trained graduates ready to enter the workforce, Gateway Technical College has remained a generator for the area's economic engine. The college continues to benefit area companies in expansion growth as well, kick starting new ways to bolster the economy through programs and education that has been recognized locally, statewide, and nationally.

Gateway has expanded its course offerings to meet the increasing need from industry in a number of areas, as well as expanding its SC Johnson iMET Center by 36,000 square feet and remodeling 12,100 existing square feet to meet the technologically advanced Industry 4.0 training. The college also continues its multi-year, in-depth strategic enrollment plan that seeks to use data to help recruit and retain students as well as help them to reach their educational goals.

Gateway understands that our strength is in our shared goal of commitment to our students, community and staff and will rise to new challenges by developing forward thinking initiatives that will also contribute to their development.

Major Initiatives and Accomplishments

Gateway had several major initiatives, accomplishments and efforts during fiscal year 2021-22 to support students and the community. A few of those accomplishments included:

- In May 2022, Gateway Technical College held two commencement ceremonies for the Class of 2022. The first ceremony honored graduates from the School of Business and Transportation and the School of Manufacturing, Engineering and Information Technology. The second ceremony honored graduates from the School of Health and the School of Protective and Human Services. In total, the ceremonies recognized 1,252 prospective candidates for graduation from the Summer 2021, Fall 2021, Spring 2022 and Summer 2022 semesters. A combined 353 students participated in the two ceremonies.
- In January, Gateway Technical College President and CEO Bryan Albrecht announced his plans to retire in Fall 2022. The nationally recognized educator had held this position at Gateway since 2006.
- More than 100 new students entered Gateway's life-changing Promise program in Fall 2021. The program fills the gap between federal and state grants and the cost of tuition at Gateway, so eligible students can attend Gateway tuition-free.
- College leaders in Spring 2022 celebrated Gateway's official Emerging Hispanic-Serving Institution status and outlined steps they will take to further meet the needs of an increasing number of Hispanic students at the college.
- Gateway, in Spring 2022, opened its Lincoln Center for Health Careers on its Racine Campus, an advanced training center for Nursing students that will provide a quality education experience and meet the area's need for trained health care professionals.

Leadership of a Model College

In fiscal year 2021-22, Gateway demonstrated its leadership in the community and on a national level in a number of ways including the following:

- Gateway was nationally recognized by the National Coalition of Certification Centers (NC3), being named a 2021 Dennis Ludice Memorial Award winner for the number of industry-recognized certifications students earned in its programs in 2020. Gateway students earned the second-highest number of certifications in the country of NC3 colleges.
- Gateway also hosted the annual NC3 leadership summit, an event that brought in more than 150 education leaders and industry experts from across the nation in August 2021.
- A Gateway student and Open Wings Learning Community were named as recipients of the 2022 Gateway Technical College Dr. Martin Luther King Jr. Humanitarian Award. The award is an annual effort by the college to honor those individuals or groups who work to support the community and exemplify Dr. King's values.
- A national group, in June 2022, named Gateway Technical College as one of the best places to work, placing it on the 2022 Most Promising Places to Work in Community Colleges Awards list. Gateway was one of 25 colleges nationally recognized with this honor.

Service Learning – Serving the Community

Gateway faculty, staff and students understand that we are stronger as a community and nation when we help and support each other. That knowledge was demonstrated through participation in many service learning projects in the 2021-22 fiscal year. Since 2010, Gateway's service learning efforts have added value through experiences, products and projects totaling \$1.17 million in fiscal value to the community.

- Gateway Arboriculture/Urban Forestry Technician program students gave their time and used the skills learned in the program to honor fallen veterans by trimming and felling trees at the Wood National Cemetery as part of the national Saluting Branches effort.
- Gateway Building Trades - Carpentry students provided their skills to help in the construction of a Habitat for Humanity home in Racine.
- Gateway Technical College students completed a combined 2,135 service hours with area businesses and communities.
- Students in Gateway's Information Technology courses volunteered their time during the college's Celebrate Earth Day event at an electronics recycling drop-off center, taking in 27 pallets of equipment to be recycled.
- Gateway students also collected 128 pounds of food and baby supplies at the Elkhorn Campus as part of Celebrate Earth Day.
- In October 2021, Gateway Technical College's Barber Technologist program expanded its annual veterans cut-a-thon event, which benefits the Gateway Student Veterans club, to include free haircuts at all three of its program sites.
- Gateway Technical College's School of Protective and Human Services held a community trunk-or-treat on its Kenosha Campus in Fall 2021, offering a safe and fun way for children to trick-or-treat during the COVID-19 pandemic and providing a way for parents and older siblings to learn more about Gateway.

Community Partnerships

Gateway believes that community partnerships serve to strengthen both the quality of education we provide to our students and the value that the college adds to our communities. A few of the highlights from fiscal year 2022 include:

- The city of Racine, Gateway Technical College, the University of Wisconsin-Madison Traffic Operations and Safety Laboratory and Perronne Robotics officially launched the Autonomous Vehicle Project: Driverless Public Transportation in Racine in October 2021 with the unveiling of an autonomous vehicle named The Badger.
- Two staff members were honored in November 2021 with a Wisconsin Association of School Boards 2021 WASB Business Honor Roll award for their work with Elmbrook School District high school students.
- Nearly 90 area high school students earned a Gateway Technical College technical diploma, certificate or other credential in the 2021-22 academic year through the college's high school academies program, an effort to provide ways for students to gain career skills and earn college credits before graduating high school.

Green Initiatives

Gateway strives to be sustainable and “green” in its practices where practical, and has received local and national accolades for its leadership in this area. Its students engage in these practices throughout the communities served by the college through hands-on projects, while the college offers demonstrations and other opportunities for the public to learn how to live “greener.” The college itself tries to operate sustainably and infuse these practices into program curriculum. Examples from fiscal year 2022 included:

- Birding seminars were held at the college's Center for Sustainable Living on its Kenosha Campus this year.
- Gateway Technical College hosted two annual environmentally focused events, Celebrate Earth Day and EcoFest, which featured fun, informative and hands-on activities for people of all ages.
 - Celebrate Earth Day was held on the Kenosha and Elkhorn campuses in April 2022.
 - EcoFest was held on the Racine Campus in March 2022.

Facilities

COVID-19 continued to be the primary focus of the facilities team during fiscal year 2021-22 as they worked diligently to keep Gateway's facilities safe for employees and staff. Examples of the efforts included:

- Providing masks to students and employees.
- Placing hand sanitizer at strategic locations.
- Enhancing the disinfection of commonly touched surfaces/areas such as restrooms, student centers and entrances.
- Using electrostatic sprayers to efficiently and effectively sanitize large areas.
- Utilizing air purifiers.

Student Success

Gateway provides students the opportunity to succeed in their future careers through innovative programs, state-of-the art instruction, continually improving its ancillary services, and encouraging participation in activities outside the classroom that will enhance the student's education and

career goals. Gateway is committed to being a catalyst to student success and notable examples include:

- A student from the professional communications program was appointed as the student member of the Wisconsin Technical College System Board, the governing body that oversees system-wide tuition setting, program approval, facilities approval and state finance.
- A student from the general studies program was named Gateway Technical College's 2022-23 District Ambassador in March 2022 and will serve as the student voice of the college to communities in Kenosha County, Racine County and Walworth County. She will serve at speaking engagements during public events held by the college each year.
- Gateway Technical College hosted its 2022 Go Lead Our World Leadership and Diversity Conference, an event held in a virtual format this year that provides students and other participants ways to build skills in leadership, inclusion and confidence.
- Gateway Technical College students took home honors again at the national American Technical Education Association Futures Competition, a design competition challenging students to find digital solutions to real-world problems.

Technology Initiatives

Gateway's information technology team continues to research alternative technologies in support of learning objectives. As a technical college, Gateway realizes the importance of offering skills training through the most up-to-date technology, as well as providing technology to its staff to meet the needs of students, the community, and business partners. The top initiatives of 2021-22 include:

- Gateway moved to multi-factored authentication for students to further enhance security.
- The college initiated a desktop imaging and management system, Microsoft Intune and Syxsense Secure. This allows the college to manage and deploy its software from a central location for processes like providing security patches and updates. This impacts every computer the college deploys.
- The college initiated a new security operations center that provides a non-stop security management system monitoring all online traffic to identify security threats and to help address and mitigate those threats.

Special Funding/Grants

Grants and special funding received by Gateway this year included the following:

- In July 2021, Gateway was named the recipient of a third Metallica All Within My Hands Foundation scholarship and focused this program on training in the very in-demand career field of advanced manufacturing. Gateway was one of 23 chosen out of a competitive field of community colleges from across the country to receive \$25,000 to transform the futures of students in the community.
- Gateway received a \$1.53 million federal grant to increase opportunities for high school students to earn college credit and begin their careers before high school graduation.
- In December 2021, Gateway was awarded a \$5.6 million grant to bolster efforts of the college and its partners to help students earn their 5.09 High School Equivalency Diploma.
- The Gateway Foundation awarded more than \$435,000 in scholarship funds to more than 380 students.

New Programs/Academic Initiatives

Gateway strives to be flexible in its course and service delivery to help students achieve their goals. Its major initiative of fiscal year 2021-22 was:

- In October 2021, the UW Board of Regents voted to allow Gateway to begin offering Associate of Arts and Associate of Science degrees for the first time. Gateway's accrediting agency, the Higher Learning Commission, has already signed off on the new degrees, allowing the college to begin offering them in Fall 2022.

Management Systems and Controls

Gateway's administration is responsible for establishing and maintaining an internal control structure designed to provide reasonable, but not absolute, assurance that the assets of Gateway are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure recognizes that the cost of a control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management. We believe Gateway's internal accounting controls, policies, and procedures adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. As demonstrated by the statements and schedules included in the Financial Section of the report, Gateway continues to meet its responsibility for sound financial management.

Single Audit

As a recipient of federal, state, and county financial assistance, Gateway also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management. As part of Gateway's single audit, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that Gateway has complied with applicable laws and regulations. The auditors' reports related specifically to the single audit will be included in a separate document, titled "Single Audit Report".

Budgeting Controls

Budgeting is done in accordance with Chapter 65 of Wisconsin Statutes, Wisconsin Technical College System administrative rules and local District policy. Gateway maintains budgetary controls which are designed to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the District Board. Activities of the general fund, special revenue fund, debt service fund, capital projects funds, enterprise funds, and trust and agency funds are included in the annual appropriated budget. The level of budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is established by function within an individual fund. Gateway also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts are reported for statutory budget compliance purposes and adjusted for GAAP reporting purposes.

Gateway's site-based management model requires each department to be responsible for the development and management of its budget. Starting in December and ending in May, the departments prepare, present and modify budget plans for the coming year. The budget is

consolidated and reviewed by the Business Office and the Executive Leadership Council. Each May, the District Board of Trustees reviews the preliminary budget and refers it to public hearing. Following the hearing, the Board considers the public input when adopting the budget at the May board meeting. Revenue and expenditure forecasts, as well as actual results versus budget, are presented to the District Board monthly and on a quarterly basis. If modifications or changes of the approved budget are required, then approval by a two-thirds vote of the District Board is needed.

Other Information

Independent Audit

State statutes require an annual audit by independent auditors. The accounting firm of CliftonLarsonAllen, LLP was selected by the District. The Independent Auditors' Report on the basic financial statements is included in the Financial Section of this report.

Certificates

Gateway has been awarded the Certificate of Achievement for Excellence in Financial Reporting by the Government Finance Officers Association (GFOA) for Gateway's Annual Comprehensive Financial Report for the fiscal year ended June 30, 2021. In order to be awarded such certificates, a college unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report whose contents conform to program standards, principles, and applicable legal requirements. The Certificate is valid for a period of one year only. We believe our current report continues to conform to the program's requirements and we will be submitting this report to GFOA for their review.

Acknowledgment

The preparation of this report was accomplished by the Finance Department with the cooperative efforts of the Marketing and Communications Department, Human Resources, Institutional Effectiveness, and with the professional services of CliftonLarsonAllen, LLP. We convey our appreciation to the Gateway Board of Trustees for their interest and support in planning and conducting the financial operations of the District in a responsible and progressive manner.

Respectfully submitted,

Bryan D. Albrecht, Ed.D.

INDEPENDENT AUDITORS' REPORT

District Board
Gateway Technical College District
Kenosha, Wisconsin

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activity and the discretely presented component unit of the Gateway Technical College District (the District), as of and for the year ended June 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activity and the discretely presented component unit of the District, as of June 30, 2022 and 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Gateway Technical College Foundation, Inc. (the Foundation), which represents 100% and 100%, respectively, of the assets and revenues of the discretely presented component unit as of and for the years ended June 30, 2022. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of other auditors.

Emphasis-of-Matter – Implementation of New Standard

As discussed in Note 8 to the financial statements, in 2022, the District adopted new accounting guidance, GASB Statement No. 87, *Leases*. As a result of the implementation, the District reported a restatement for the change in accounting principle. Our opinion is not modified with respect to this matter.

Emphasis-of-Matter - Report on Comparative Summarized Information

Other auditors' have previously audited the discretely presented component unit's 2021 financial statements, and expressed unmodified opinions on the financial statements in their report dated September 14, 2021. In the other auditors' opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2021, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the Foundation, a discretely presented component unit, were not audited in accordance with *Government Auditing Standards*.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, other [postemployment benefits plan information, and the pension plan information, as included in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The individual budgetary basis fund financial statements and the schedule to reconcile budget basis financial statements to the basic financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information, as included in the table of contents, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Gateway Technical College District (the District or Gateway) Management's Discussion and Analysis (MD&A) provides an overview of its financial activity, identifies changes in financial position, and assists the reader of these financial statements in focusing on significant financial observations and issues for the fiscal year ended June 30, 2022.

Gateway is a public institution of higher education whose mission is to provide education, training, and economic development services to the Southeast Wisconsin region. To accomplish this mission, it is critical for Gateway to maintain its financial health. In order to achieve financial stability, it is necessary for Gateway to accumulate net assets to ensure that reserves are sufficient to implement new programs and expand existing programs as the need arises.

Management's discussion and analysis provides summary financial information to assist the reader in understanding and interpreting the financial statements.

This Annual Comprehensive Financial Report consists of a series of financial statements which have been prepared in accordance with generally accepted accounting principles as defined in Governmental Accounting Standards Board Statement 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and Statement 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. These financial statements focus on the financial condition of the district, the changes in its financial position, and the cash flows of the district as a whole. These statements include the capitalization and depreciation of capital assets and the recognition of the liability resulting from issuing general obligation promissory notes to pay for those capitalized assets and to finance other obligations.

Statements of Net Position

The Statement of Net Position includes all assets, deferred outflows/inflows of resources, and liabilities. This statement is prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided, and expenses and liabilities are recognized when others provide the service to us – regardless of when cash is exchanged.

Below are highlights of the components of the Statement of Net Position.

Stated in Thousands (\$000)

Total assets and deferred outflows increased \$25.4 million or 11.7% in FY 2022 and increased \$31.1 million or 16.7% in FY 2021. Total liabilities and deferred inflows increased by \$14.7 million or 9.7% in FY 2022 as compared to an increase of \$20.4 million or 15.5% in FY 2021. Overall, the total net position increased by \$10.6 million or 16.5% in FY 2022 while FY 2021 experienced a \$10.7 million or 19.8% increase for the fiscal year.

Fiscal Year 2022 Compared to Fiscal Year 2021

- In FY 2022 cash and cash equivalents experienced an increase of \$4.1 million or 9.8% due to a continued effort to control expenditures to mitigate the effects of Coronavirus on enrollment compared to \$4.8 million or 12.6% decrease in FY 2021.
- Non-Current assets increased by \$10.2 million or 8.2% due to an increase in Capital assets, net of accumulated depreciation of \$5.0 million or 4.9% and an increase in the value of the pension asset in 2022 of \$5.2 million or 27.3 %.

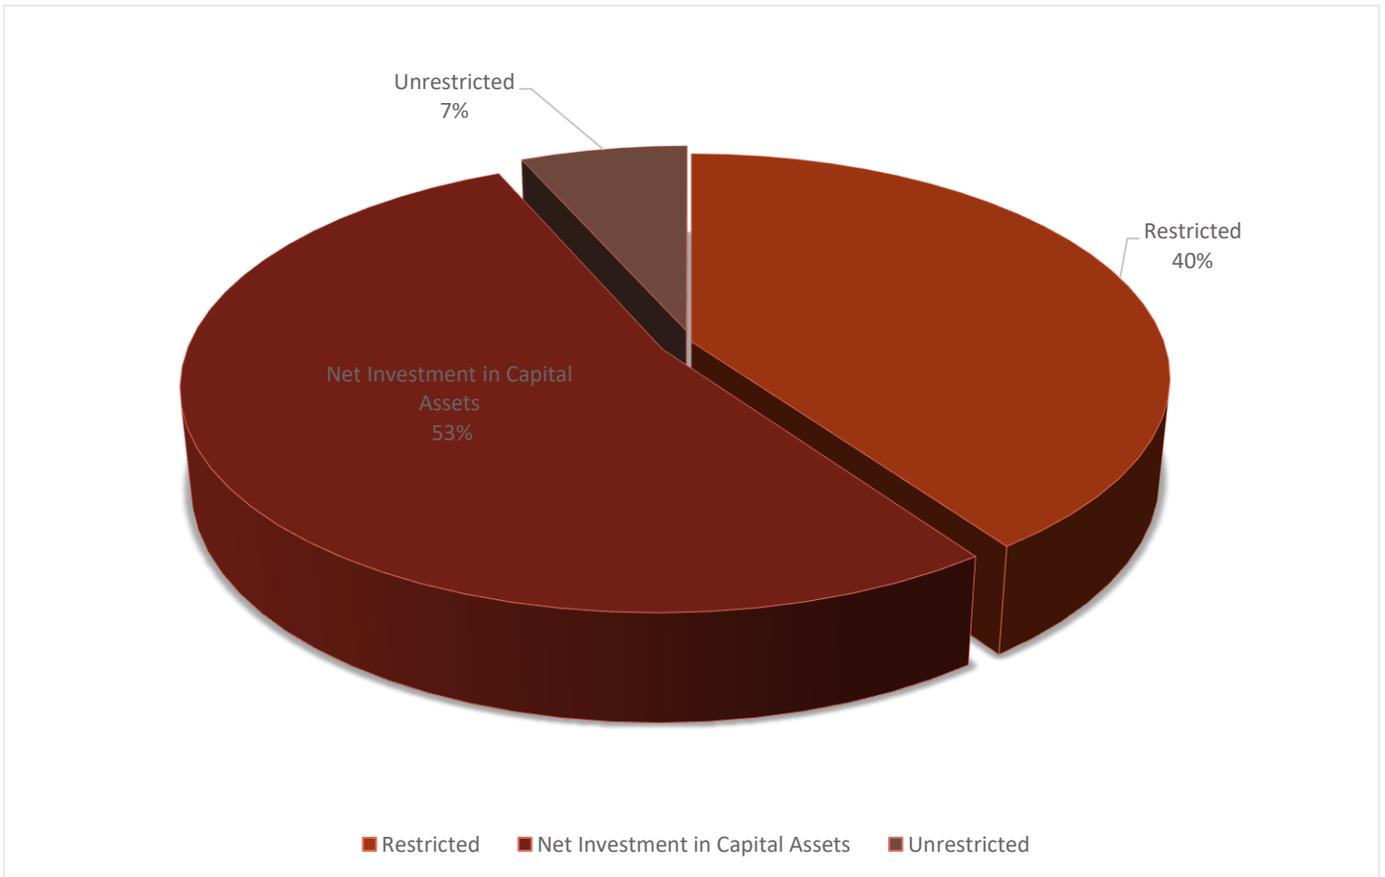

- Other assets decreased by \$4.2 million or 23.8% due mainly to a decrease in the federal and state aid receivable at year-end as well as decreased receivables due to more timely collection of property tax collections and other receivables.
- Deferred outflows, which includes amounts related to the District's Wisconsin Retirement System pension asset and OPEB liability, increased \$15.2 million in FY 2022 as compared to an increase of \$9.0 million in FY 2021. The increase is due mainly to the change in deferred outflows related to the District's pension asset of \$24.6 million in FY 2022. In addition, the District saw a decrease in its deferred outflows related to its OPEB obligation of \$0.7 million in FY2022. (Additional information can be found in footnotes six and seven in the notes to the financial statements).
- Overall current liabilities decreased \$1.6 million or 6.5% in FY 2022 as compared to an increase of \$1.2 million or 5.3% in FY 2021. The decrease in FY 2022 is due mainly to a decrease in accounts payable due to more timely payment of invoices in FY22.
- Non-Current liabilities decreased \$1.6 million or 1.9% in FY 2022 as compared to an increase of \$6.0 million or 7.7% in FY 2021. The decrease in FY 2022 is due a decrease the OPEB liability of \$2.7 million or 12.6%, and a decrease in lease liability of \$0.8 million. These decreases are offset by an increase of general obligation debt of approximately \$2.0 million or 3.5% and. (Additional information can be found in footnotes six and seven in the notes to the financial statements).
- Deferred inflows, which includes amounts related to the District's Wisconsin Retirement System pension asset, OPEB liability and leases increased by \$17.8 million or 40.1% in FY 2022. The increase is due to the change in deferred inflows related to the District's pension asset in FY 2022 as well as the recording of deferred inflows relating to changes in the district's OPEB liability. (Additional information can be found in footnotes six and seven in the notes to the financial statements).

Fiscal Year 2021 Compared to Fiscal Year 2020

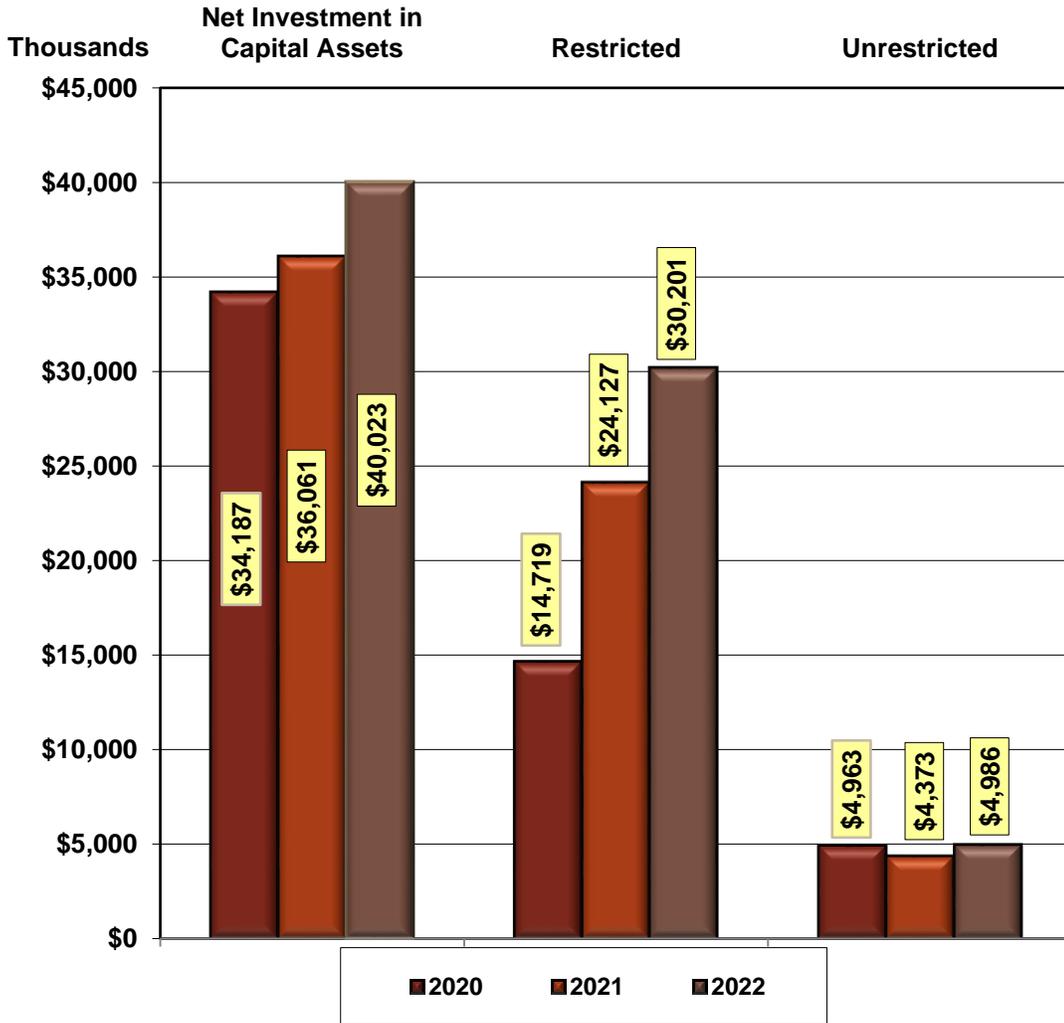

- In FY 2021 cash and cash equivalents experienced an increase of \$4.8 million or 12.6% due to an effort to control expenditures to mitigate the effects of Coronavirus compared to \$1.4 million or 3.7% decrease in FY 2020.
- Non-Current assets increased by \$15.0 million or 13.8% due to an increase in Capital assets, net of accumulated depreciation of \$11.0 million or 11.0%, the addition of leased assets per GASB 87, and an increase in the value of the pension asset in 2021 of \$9.3 million or 93.1%.
- Other assets increased by \$2.3 million or 14.3% due mainly to an increase in the federal and state aid receivable at year-end and changes in restricted cash balances.
- Deferred outflows, which includes amounts related to the District's Wisconsin Retirement System pension asset and OPEB liability, increased \$9.0 million in FY 2021 as compared to a decrease of \$7.8 million in FY 2020. The increase is due mainly to the change in deferred outflows related to the District's pension asset of \$8.5 million in FY 2021. In addition, the District saw an increase in its deferred outflows related to its OPEB obligation of \$0.5 million in FY2021. (Additional information can be found in footnotes six and seven in the notes to the financial statements).

- Overall current liabilities increased \$1.2 million or 5.3% in FY 2021 as compared to an increase of \$2.0 million or 9.6% in FY 2020. The increase in FY 2021 is due mainly to an increase in accounts payable because of higher year end payment accruals.
- Non-Current liabilities increased \$6.0 million or 7.7% in FY 2021 as compared to a decrease of \$13.3 million or 14.6% in FY 2020. The increase in FY 2021 is due to an increase of general obligation debt of approximately \$1.4 million or 2.4%, the addition of a lease liability of \$3.0 million and an increase the OPEB liability of \$1.7 million or 8.6%. (Additional information can be found in footnotes six and seven in the notes to the financial statements).
- Deferred inflows, which includes amounts related to the District's Wisconsin Retirement System pension asset, OPEB liability and leases increased by \$13.1 million or 42.0% in FY 2021. The increase is due to the change in deferred inflows related to the District's pension asset in FY 2021 as well as the recording of deferred inflows relating to changes in the district's OPEB liability. (Additional information can be found in footnotes six and seven in the notes to the financial statements).

**Comparative Net Position
Fiscal Years 2020, 2021 and 2022**

Statement of Revenues, Expenses and Changes in Net Position

The Statement of Revenues, Expenses and Changes in Net Position presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or non-operating. In general, a public college such as Gateway will report an operating deficit or loss, as the financial reporting model classifies state appropriations and property taxes as non-operating revenues. The utilization of capital assets is reflected in the financial statements as depreciation, which amortizes the cost of an asset over its expected useful life.

The following is a condensed version of the Statement of Revenues, Expenses and Changes in Net Position:

Stated in Thousands (\$000)

	<u>2022</u>	<u>2021</u>	<u>Incr (Decr) 2022-2021</u>	<u>2020</u>	<u>Incr (Decr) 2021-2020</u>

Operating Revenues include the charges for services offered by the District and other federal and state operating grants. During FY 2022, the District generated \$44.6 million of operating revenue, which is an 19.4% increase or \$7.3 million more than in FY 2021. Significant changes for the fiscal years are as follows:

Fiscal Year 2022 Compared to Fiscal Year 2021

- Student Tuition net of scholarship allowances decreased by \$0.4 million or 3.3% in FY 2022 due to fewer scholarships received because of decreased enrollment as compared to an increase of \$1.3 million or 13.4% in FY 2021.
- Federal grants increased by \$5.4 million or 33.3% in FY 2022 versus 2021 due to Higher Education Emergency Relief funding grants utilized in FY22.
- Contract revenues increased by \$2.5 million or 61.5% in 2022 versus 2021 due to increased contract revenue as the coronavirus subsided.

Fiscal Year 2021 Compared to Fiscal Year 2020

- Student Tuition net of scholarship allowances increased by \$1.3 million or 13.4% in FY 2021 compared to a decrease of \$1.0 million or 8.7% in FY 2020.
- Federal grants increased by \$2.6 million or 18.8% in FY 2021 versus 2020 due to Higher Education Emergency Relief funding grants received in FY21 that were not in FY20.
- State grants increased by \$0.2 million or 6.9% in FY 2021 or compared to a decrease of \$0.4 million or 11.2% in FY 2020.
- Contract revenues decreased by \$0.6 million or 12.2% in 2021 versus 2020 due to less revenues received because of the effects of the coronavirus.

Operating Expenses are costs incurred for providing education, training, and related services. Overall operating expenses increased by \$9.7 million or 8.5% in FY 2022 as compared to a decrease of \$1.6 million or 1.4% in FY 2021. Changes within operating expenses for the fiscal years are as follows:

Fiscal Year 2022 Compared to Fiscal Year 2021

- Operating expenses increased by \$9.7 million for FY 2022 as compared to a decrease of \$1.6 million in FY 2021. These increases are due to increased Higher Education Emergency Relief Fund expenditures, higher wage expense and increased depreciation expense. These increases are offset with lower general institutional expenses due to the effects of lower enrollment.

Fiscal Year 2021 Compared to Fiscal Year 2020

- Pension and OPEB expense decreased by \$3.7 million for FY 2021 as compared to FY 2020.
- Depreciation expense increased by \$1.5 million in FY 2021, as compared to FY 2020.
- Physical Plant expense increased by \$1.0 million in FY 2021 as compared to FY 2020 due to an increase in expenses related to capital assets.

Non-Operating Revenues represent funds that are obtained to support operations but are not directly related to operating activity. Wisconsin legislation subsidizes the operating expenses of the sixteen technical colleges by authorizing an allocation of state revenue and giving the colleges the authority to levy property taxes in the municipalities they serve. Overall, non-operating revenues, net of interest expense, increased by \$0.8 million or 1.0% in FY 2022 compared to a \$0.5 million increase or 0.5% in FY 2021. The significant components of the fiscal years are as follows:

- Property taxes are a primary source of revenue for the District comprising 28.1% of our revenue source in FY 2022. Overall property tax revenues for the year were \$38.2 million, a decrease of \$1.0 million or 2.7% less than recognized in FY 2021.

The 2013 Wisconsin Act 20, among other things, eliminated the mill rate limitation that had been in place for technical districts in previous fiscal years and in its place introduced a tax levy limitation (the "Tax Levy Limit"). 2013 Wisconsin Act 145 signed into law March 24, 2014 replaces the tax levy limit with a revenue limit beginning in fiscal year 2015. Act 145 also shifted a portion of funding for technical college districts in the state from property taxes levied to a state aid payment. This shift in revenues has been in place for the past six fiscal years. In FY 2022, there was an additional shift of revenue which decreased in the District's tax levy to \$38.2 million, down from \$39.3 million in FY 2021. State appropriations increased \$2.6 million or 6.6% compared to a \$0.1 million or 0.3% increase in FY 2021. The amount of state aids received is based on a formula that takes into consideration activities of the other fifteen technical colleges in Wisconsin, including actual expenses, student FTE's, and equalized property valuations of each district.

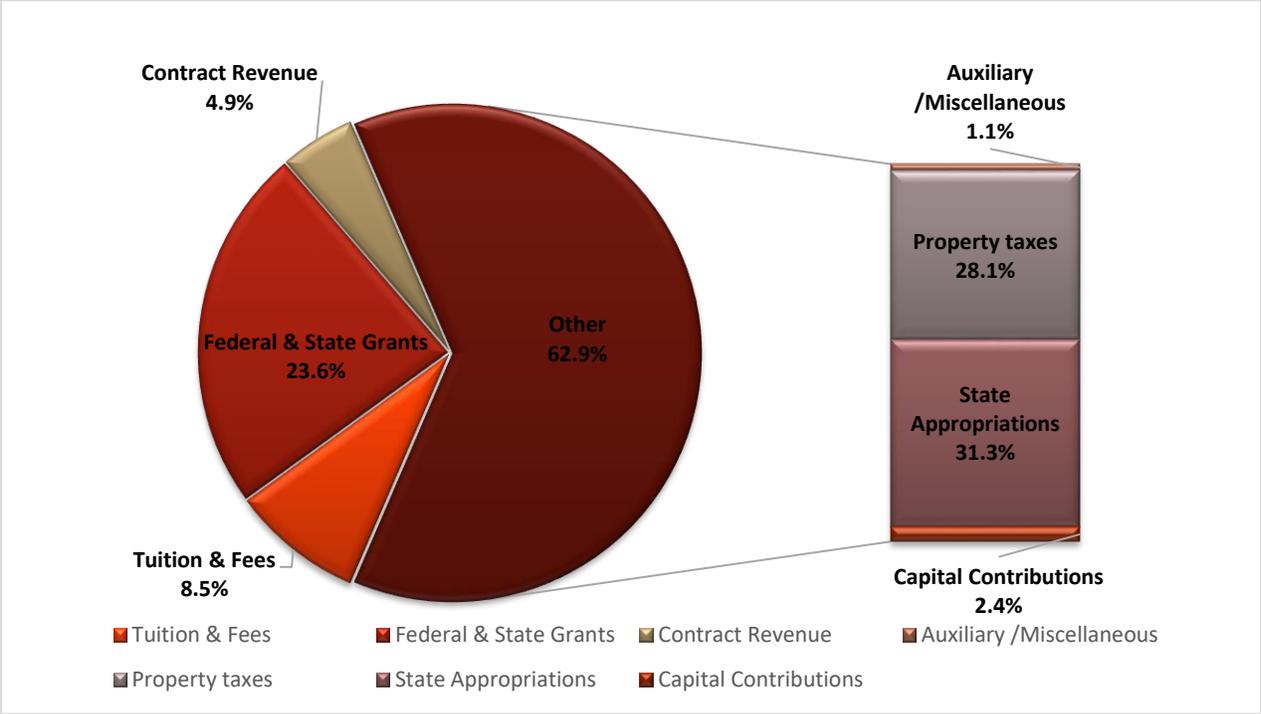

Non-Operating Expenses consist of interest expense and debt issuance costs on long-term debt. Debt issuance costs are recognized as an expense in the year they are incurred. FY 2021 reflected an increase of approximately \$32,436 or 3.4% for the expense, while FY 2022 reflects a decrease of approximately \$158,540 or 8.8%. As deferred bond premium is recognized, it is used to reduce debt issuance expenses.

Capital Contribution Revenue is revenue due to donations of cash or capital equipment and grant funds to be used exclusively for the purchase of capital assets. Overall contribution revenues increased by 107.5% in FY 2022 as compared to an increase of 3.6% in FY 2021. This increase in FY 2022 was due to an increase in federal capital grants up from FY 2021 grants received.

The following graphs represent the distribution of revenues and operating expenses for the fiscal year ended June 30, 2022.

Statements of Cash Flows

The Statement of Cash Flows presents information related to cash inflows and outflows, summarized by operating, non-capital financing, capital financing, and investing activities. This statement is important in evaluating Gateway's ability to meet financial obligations as they mature.

The following schedule highlights the major components of the Statement of Cash Flows.

Stated in Thousands (\$000)

	<u>2022</u>	<u>2021</u>	<u>Incr (Decr) 2022-2021</u>	<u>2020</u>	<u>Incr (Decr) 2021-2020</u>

Net Increase in Cash and Cash Equivalents	<u>\$ 4,143</u>	<u>\$ 4,750</u>	<u>\$ (607)</u>	<u>\$ 1,351</u>	<u>\$ 3,399</u>

Fiscal Year 2022 Compared to Fiscal Year 2021

The cash and cash equivalents balance increased from \$42.3 million in FY 2021 to \$46.5 million in FY 2022. Overall, in FY 2022, cash and cash equivalents increased by \$4.1 million or 9.8% as compared to the FY 2021 increase of \$4.7 million or 12.6%.

The District's cash used for operating activities decreased in FY 2022 as compared to FY 2021. \$3.0 million or 4.2% less cash was used for operating activities in FY 2022 compared to \$1.2 million or 1.6% less cash used in FY 2021.

Overall cash provided by non-capital financing activities increased by \$1.3 million or 1.5%. Local government property taxes received decreased by \$0.5 million or 1.3%. State appropriations received increased by \$2.6 million or 6.6%. Federal grants decreased by \$0.9 million or 10.7% due to lower federal aid to students received.

Overall net cash used for capital and related financing activities increased by \$4.9 million or 44.1% in FY 2022 as compared to a decrease of \$0.7 million or 6.1% in FY 2021. The increase in FY 2022 is due mainly to an increase in the purchases of capital assets including refunded debt in FY 2022 of \$7.6 million or 68.5%. This is offset primarily by a lower amount of principal paid on debt of \$1.2 million in FY 2022.

Cash provided by investing activities increased by \$17,871 or 47.8% as the rate of return on investments in 2022 increased compared to FY 2021.

Fiscal Year 2021 Compared to Fiscal Year 2020

The cash and cash equivalents balance increased from \$37.6 million in FY 2020 to \$42.3 million in FY 2021. Overall, in FY 2021, cash and cash equivalents increased by \$4.7 million or 12.6% as compared to the FY 2020 increase of \$1.4 million or 3.7%.

The District's cash used for operating activities decreased in FY 2021 as compared to FY 2020. \$1.2 million or 1.6% less cash was used for operating activities in FY 2021 compared to \$1.6 million or 2.1% less cash used in FY 2020.

Overall cash provided by non-capital financing activities increased by \$1.7 million or 2.0%. Local government property taxes received increased by \$3.5 million or 9.8%. Federal grants decreased by \$1.6 million or 17.0% due to lower federal aid to students received, and state appropriations received decreased by \$.1 million or .3%.

Overall net cash used for capital and related financing activities decreased by \$.07 million or 6.1% in FY 2021 as compared to a decrease of \$1.0 million or 7.6% in FY 2020. The decrease in FY 2021 is due mainly to a decrease in the purchases of capital assets in FY 2021 of \$2.6 million or 18.7%. This is offset primarily by a higher amount of principal paid on debt of \$5.8 million in FY 2021. In addition, the district refunded some debt issues in FY2021.

Cash provided by investing activities decreased by \$235,871 or 86.3% as the rate of return on investments decreased in FY 2021.

Fiscal Year 2022 Compared to Fiscal Year 2021

Overall capital assets, net of accumulated depreciation, increased by \$5.0 million from FY 2021 to FY 2022. Remodeling improvements were completed at each campus; however, the major additions in 2022 were on the Racine campus with the expansion of and remodeling of 3 floors of the Lincoln Building totaling \$6.0 million. (Additional information about Gateway's capital assets may be found in footnote #4 in the financial statements).

The District had general obligation debt, relating to capital assets, outstanding of \$70.8 million at June 30, 2022, compared to \$68.9 million at June 30, 2021. The district also refunded debt during the fiscal year. (Additional information can be found in footnote 5 in the notes to the financial statements).

The District maintained the highest rating of Aaa from Moody's Investors Services for the debt issues. Gateway meets all of its debt service requirements, including timely repayment of all debt payments. Current debt issued for buildings and improvements is repaid in 10 years or less, debt issued for equipment is repaid in 5 years or less to correspond to the useful lives of the capital investment. Additional information about Gateway's long-term debt may be found in footnote #5 in the financial statements.

Fiscal Year 2021 Compared to Fiscal Year 2020

Overall capital assets, net of accumulated depreciation, increased by \$1.0 million from FY 2020 to FY 2021. Remodeling improvements were completed at each campus; however, the major additions in 2021 were at the Horizon Center in Kenosha with a \$1.4 million EVOC track expansion and the continuation of the remodel of the Academic Building second floor of \$2.7 million on the Kenosha campus. (Additional information about Gateway's capital assets may be found in footnote #4 in the financial statements).

The District had general obligation debt, relating to capital assets, outstanding of \$68.9 million at June 30, 2021, compared to \$74.7 million at June 30, 2020. The district also refunded debt during the fiscal year. (Additional information can be found in footnote 5 in the notes to the financial statements).

The District maintained the highest rating of Aaa from Moody's Investors Services for the debt issues. Gateway meets all of its debt service requirements, including timely repayment of all debt payments. Current debt issued for buildings and improvements is repaid in 10 years or less, debt issued for equipment is repaid in 5 years or less to correspond to the useful lives of the capital investment. Additional information about Gateway's long-term debt may be found in footnote #5 in the financial statements.

Overall Financial Position

Gateway's financial position remains strong for fiscal year 2022 as evidenced by the following indicators:

- Moody's Investors Services evaluate the District's financial position periodically. Gateway Technical College District has consistently maintained its high Aaa rating. The most recent credit report cites the following:

“The Aaa rating reflects the district's large, diverse tax base located between the cities of Milwaukee (A2negative) and Chicago (Ba1 stable), healthy financial position and a low debt and pension burden. The rating also considers the district's declining enrollment and limited revenue-raising ability.”

- The current ratio, current assets compared to current liabilities, was at 2.7 times as of June 30, 2022, up from 2.5 times in 2021.

The District has a diversified revenue base consisting of property taxes, state aid, student fees, contracted services and grants. This mix of revenue sources has provided the District with adequate resources to continue to achieve its mission of training and economic development; yet there continues to be new challenges.

Economic Factors and Challenges

The Gateway District consists of Kenosha, Racine and Walworth Counties located in Southeastern Wisconsin. The counties in this region share similar challenges in terms of economic development, such as the need for high-skilled jobs and infrastructure to support growing communities. Gateway continues to provide a leadership role in delivering training services to meet these needs. The District has a strong financial position, but there continue to be concerns and challenges that need to be considered, monitored, and addressed, including the following:

- The District saw a decrease in enrollment to 3,764 FTE (full-time equivalent) or 3.6% in FY 2022 compared to 3,904 FTE or 10.9% decrease in FY 2021. Enrollment continues to be a challenge throughout the technical college system and although the pandemic caused an additional negative impact through the fiscal year, Gateway diligently seeks solutions to mitigate this impact. Gateway's strategic enrollment management efforts, which began in FY 2017, continue to focus on heightened marketing, recruitment, retention, and completion strategies informed by the right data that translates into actionable intelligence. During FY 2021 pivoting enrollment management efforts to a fully virtual service model for recruitment and retention and establishing a majority virtual model for teaching and learning with adjustments to a hybrid model throughout the year demonstrates the adaptability needed to dull the pandemic's impact on student success and to address the enrollment challenges.
- In addition, during 2022, the college engaged a consultant to create a program portfolio to be utilized to ensure strategic decisions about program offerings with the objective of being responsive to the needs of our students and community partners.
- Technical college responsiveness to employers/business/industry is essential to Wisconsin's business growth, job creation, competitiveness, closing the skills gap and prosperity. Local funding and local governance/control are essential to this responsiveness. Due to 2013 Wisconsin Act 145 signed into law March 24, the college can no longer increase its operational tax levy except by an increase in its valuation due to net new construction or unless approved by referendum. In the future, this can potentially reduce the district's ability to be responsive to our communities if the state funding is reduced. Although currently, the bill allows the technical colleges the ability to raise their tax levies if the state fails to provide the funding.

These challenges and many others are met through strong planning processes, fiscal policies, and practices. The valuable lessons learned throughout the pandemic have made the District stronger and more flexible in how we serve our students.

Gateway is well known and highly respected for its quality instruction and services. The District continues to be successful in collaborating with local K-12 education districts (which continues to see significant growth), local businesses, and community partners for supporting training and technology needs. Gateway's commitment to meet these needs is reflected in our resilience during the pandemic, our strategic plan, our strong efforts on continuous quality improvement and our focus on our students. The District is confident that its long-term financial planning will allow effective and sufficient response the financial needs of its future operations. Our current financial position remains extremely promising and we are positioned to maintain this positive status.

With continued strategic planning, a focus on diversity, equity and inclusion, flexibility, and innovation in how we engage and connect with our students and community partners, the college continues to gain ground in attracting underserved student populations. In fact, Gateway is on track to becoming a Hispanic Serving Institution within the next few years. The District has positioned itself to be an industry leader and a strong positive force in our community.

Requests for Information

This financial report is designed to provide a general overview of Gateway Technical College's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the CFO/Vice President of Finance and Administration, 3520 – 30th Avenue, Kenosha, WI 53144-1690.

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(1) **Summary of Significant Accounting Policies**

The Board of Directors (Board) of the Gateway Technical College District (the District) oversees the operations of what is generally referred to as Gateway Technical College under provisions of Chapter 38 of the Wisconsin Statutes. The geographic area of the District includes all of Kenosha and Walworth County and nearly all of Racine County. The District operates campuses located in the cities of Elkhorn, Burlington, Kenosha, Racine and Sturtevant, as well as an aviation center at the Kenosha airport and learning centers in the surrounding communities. The District is fully accredited by Higher Learning Commission of the North Central Association of Colleges and Schools. The District also operates a public radio station WGTD.

The Board consists of nine members appointed by the county board chairs for Kenosha, Racine and Walworth counties. The members are appointed to staggered three-year terms. As the District's governing authority, the Board has powers which include:

Authority to borrow money and levy taxes;

Budgetary authority; and

Authority over other fiscal and general management of the District which includes, but is not limited to, the authority to execute contracts, to exercise control over facilities and properties, to determine the outcome or disposition of matters affecting the recipients of the services being provided, and to approve the hiring or retention of key management personnel who implement Board policy and directives.

The accounting policies of the District conform to generally accepted accounting principles as applicable to public colleges and universities as well as those prescribed by the Wisconsin Technical College System Board (WTCSB). The District reports are based on all applicable Government Accounting Standards Board (GASB) pronouncements. When applicable, certain prior year amounts have been reclassified to conform to current year presentation. The following is a summary of the more significant accounting policies.

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(1) Summary of Significant Accounting Policies (continued)

(a) Reporting Entity

Gateway Technical College Foundation, Inc. (Foundation) is a not-for-profit corporation whose purpose is to solicit, hold, manage, invest, and expend endowment funds and other gifts, grants, and bequests exclusively for the maintenance and benefit of the District and its students. The Foundation has an independent board and is not fiscally accountable to the District.

It has been determined that the Foundation's resources are significant to the District as a whole and to exclude them would cause the District's financial statements to be incomplete. The Foundation has been reported as a discretely presented component unit in the District's financial statements in accordance with applicable standards.

The Foundation's financial statements can be obtained through the Gateway Technical College Foundation, Inc., 3520 30th Avenue, Kenosha, WI 53144-9986.

(b) Measurement Focus, Basis of Accounting and Financial Statement Presentation

For financial reporting purposes, the District is considered a special purpose government engaged only in business-type activities. Accordingly, the District financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the years for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. All significant intra-District transactions have been eliminated.

The preparation of financial statements in conformity with generally accepted accounting principles requires District management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c) Budgetary Data

The District's reporting structure used in the preparation of the basic financial statements is different than the fund structure used for budgetary accounting. Annual budgets are adopted for all funds in accordance with the requirements of the Wisconsin Technical College System Board. The process includes an administrative compilation and review of campus and departmental requests, public hearings, and approval by the District Board prior to June 30 of each year. Capital outlays for multi-year projects are budgeted annually in the Capital Projects Fund upon planned inception of the project.

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(1) Summary of Significant Accounting Policies (continued)

(c) Budgetary Data (continued)

Property taxes are levied on a calendar year basis by various taxing municipalities located in Kenosha, Racine and Walworth Counties. The District records its share of the local tax as revenue when levied.

The budgetary reporting utilized by the District recognizes encumbrances as expenditures. The budget does not incorporate changes related to GASB Statements Nos. 34, 35, 37 and 38.

The legal level of control for each budget is by function within each fund. Budget amendments during the year are legally authorized. Budget transfers (between funds and functional areas within funds) and changes in expenditures (appropriations) require approval by a vote of two-thirds of the entire membership of the Board and require publishing a Class I public notice in the District's official newspaper within 10 days according to Wisconsin Statutes. The budget was modified during the year and also subsequent to the fiscal year end. Expenditures may not exceed appropriations. Unencumbered appropriations lapse at the end of each fiscal year and encumbered appropriations are carried over to the next fiscal year as a reserve of fund balance. Management is authorized to transfer appropriations within functions without the approval of the board.

(d) Property Tax Receivable

In October of each year, the District communicates its property tax levy to the municipal treasurers in its service area. The levy consists of two parts - an operating levy and a debt service levy. Property taxes are then levied by the municipal treasurers in December.

Taxpayers have various options of paying their assessment depending upon the municipality's payment schedules. Payments are due from the municipalities by the 15th or 20th of the month following the taxpayers' due date. The first payment is due January 15th and the last payment is due August 20th. Property taxes receivable at June 30th generally represent the District's share of the outstanding second installment of property taxes due from municipal treasurers. The municipal and/or county treasurers review their unpaid property tax assessments in early August and are required by law to remit the balance of the District's levy on or before August 20th.

Collection of delinquent taxes or the subsequent filing of tax liens are the responsibility of governmental agencies other than the District. Because the District receives all tax receivables from the intergovernmental collection intermediaries, no reserve for uncollectible taxes is recorded.

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(1) Summary of Significant Accounting Policies (continued)

(e) Student Receivables

Student receivables, covering tuition and fees, textbooks, and student loans, are valued net of the estimated uncollectible amounts.

(f) Cash, Cash Equivalents and Investments

Cash includes amounts in petty cash, demand deposits, and other short-term interest bearing deposits. For purposes of the statement of cash flows, cash on hand, demand deposits with financial institutions, investments in the Local Government Investment Pool, and other short-term investments with maturity dates of less than three months, from when purchased, are considered cash equivalents. Investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

(g) Prepaid Expenses

Prepaid expenses represent payments made by the District for which benefits extend beyond the fiscal year end and are accounted for on the consumption method.

(h) Capital Assets

Capital assets include land, land improvements, buildings, intangible assets, equipment, leased assets (right of use), leasehold improvements and leasehold interest. Equipment assets having a cost of \$5,000 or more per unit and building or remodeling projects of \$15,000 or more are capitalized. Capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated acquisition value on the date donated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation/amortization on buildings and equipment is provided in amounts sufficient to charge the cost of the depreciable/amortizable assets to operations on the straight-line basis, mid-year convention, over the estimated service lives, which range from three to twenty years for equipment, three to five years for intangible assets, ten to twenty years for land improvements and leasehold improvements, twenty years for the leasehold interest, and ten to forty years for buildings and building improvements.

(i) Compensated Absences

Employees are granted vacation and sick leave benefits in varying amounts in accordance with the provisions of union contracts and District policy. Liabilities for

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(1) Summary of Significant Accounting Policies (continued)

(i) Compensated Absences (continued)

vacation and salary related payments, including social security taxes, are recorded when incurred. Employees can carryover 80 vacation hours subsequent to the year in which they are earned. Any vacation benefits in excess of 80 hours lapse if not utilized in the year subsequent to that in which they are earned. In the event of retirement or death, the District is obligated to pay all unused vacation benefits. The amount of vacation benefits outstanding at June 30, 2022 and 2021 was \$757,272 and \$791,989, respectively.

Sick leave benefits are available for subsequent use, but they do not vest. The District does not compensate employees for unused sick leave at retirement or termination.

(j) Pensions

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension (revenue) expense, information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from WRS' fiduciary net position have been determined on the same basis as they are reported by WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

(k) Other Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Gateway Technical College's Other Postemployment Benefit Plan (the "Plan") and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

(l) Long-Term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(1) Summary of Significant Accounting Policies (continued)

(m) Leases

The District is a lessee for building space and equipment and recognizes a lease liability and an intangible right-to-use lease asset based on the criteria dictated in GASB Statement No. 87 – Leases.

At the commencement of a lease, the District determines if the lease is a financed purchased lease or a right-to-use lease based on the criteria in GASB Statement No. 87 – Leases. The District then measures the lease liability at the present value of payments expected to be made during the lease term. During the lease term, the lease liability is reduced by the principal portion of lease payments made. The lease liabilities are reported with long-term obligations on the statement of net position.

An intangible right-to-use lease asset is initially measured as the amount of the lease liability adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. The intangible right-to-use lease asset is amortized on a straight-line basis over the term of the lease. The intangible right-to-use lease asset is reported with the District's capital assets in a stand-alone Leased Assets (Right to Use) category.

The District utilizes estimates and judgements to determine (1) the discount rate used to discount expected lease payments to present value, (2) lease term, and (3) lease payments.

The District uses the interest rate charged by the lessor as the discount rate when the lessor provides it. If the interest rate is not provided, the District uses its estimated incremental borrowing rate as the discount rate.

The lease term includes the non-cancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise.

The District accounts for lease and non-lease components separately when possible. In cases where the lease does not provide separate cost information for lease and non-lease components, the District treats the components as a single lease unit if it is impractical to estimate cost information.

The District monitors changes in circumstances that would require re-measurement of the lease asset and liability.

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(1) Summary of Significant Accounting Policies (continued)

(m) Leases (continued)

The District has elected to recognize payments for short-term leases with a lease term of 12 months or less as expenses as incurred.

The District is a lessor for building space, furniture and radio tower space and recognizes a lease receivable and deferred revenue based on the criteria dictated in GASB Statement No. 87 – Leases. The District measures the lease receivable at the present value of payments expected to be received during the lease term. During the lease term, the lease receivable is reduced by the principal portion of lease payments received. The lease receivable is reported with accounts receivable on the statement of net position.

Deferred inflows related to leases is initially measured as the amount of the lease receivable adjusted for lease payments received at or before the lease commencement date. Lease revenue is recognized on a straight-line basis over the term of the lease.

The District has elected to recognize payments received for short-term leases with a lease term of 12 months or less as revenue as earned. The methodology previously described for discount rate, lease term, lease payments, lease and non-lease components and re-measurement of the lease receivable and deferred lease inflows applies to the District's lessor arrangements.

(n) Tuition and Fees

Tuition and fees are recorded as revenue in the period in which the related activity or instruction takes place. Tuition and fees attributable to the summer school program are prorated on the basis of student class days occurring before and after June 30th.

(o) Unearned Revenues

Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that relate to the next fiscal period. Non-current unearned revenue relates to funds received but not earned for an extended time period over future fiscal years.

(p) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(1) **Summary of Significant Accounting Policies (continued)**

(p) **Deferred Outflows/Inflows of Resources (continued)**

resources (expense) until then. The District has two items that qualify for reporting in this category. They are related to the District's proportionate share of the Wisconsin Retirement System pension plan which is deferred and amortized over the expected remaining service lives of the pension plan participants and amounts related to the District's OPEB liability which are recognized as an expense over a closed period of time.

In addition to liabilities, the statement of net position will sometimes report a section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has three items that qualify for reporting in this category on the statement of net position. They are related to the District's proportionate share of the Wisconsin Retirement System pension plan which is deferred and amortized over the expected remaining service lives of the pension plan participants, amounts related to the District's OPEB liability which are recognized as an expense over a closed period of time, and lease revenues which are recognized over the remaining term of the lease.

(q) **Scholarship Allowances and Student Aid**

Financial aid to students is reported in the financial statements under the alternative method, as prescribed by the National Association of College and University Business Officers (NACUBO). Aid is generally reflected in the financial statements as operating expenses or scholarship allowances, which reduce revenues. The amount reported as operating expenses represents the portion of aid that was provided to the student in the form of cash or credit for book charges. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed on a total District basis by allocating the cash payments to students, excluding payments for services, on the ratio of all aid to the aid not considered to be third party aid.

(r) **Classification of Revenue**

The District has classified its revenues as either operating or non-operating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship allowances, (2) sales and services of auxiliary enterprises, and (3) most federal, state and local grants and contracts.

Non-operating revenues: Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as capital grants, gifts and

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(1) Summary of Significant Accounting Policies (continued)

(r) Classification of Revenue (continued)

contributions, and other revenue sources that are defined as non-operating revenues by GASB No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB No. 34, such as state appropriations, the local property tax levy and investment income.

(s) Net Position

Net position is classified according to restrictions or availability of net position for satisfaction of District obligations.

Net investment in capital assets: Amount of capital assets net of accumulated depreciation, and capital related deferred outflows of resources less outstanding balances of any bonds, mortgages, notes, unspent bond proceeds or other borrowings that are attributable to the acquisition, construction or improvement of those assets and any capital related deferred inflows of resources.

Restricted net position: Restricted net position includes resources in which the District is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

- Restricted net position for debt service can only be used to repay debt service costs (principal and interest) as they are levied for that specific purpose.
- Restricted net position for student financial assistance or student organizations can only be used for student financial assistance activities or student organizations, respectively.
- Restricted net position for the District's proportional share of the net pension asset held in trust by the Wisconsin Retirement System.

Unrestricted net position: Unrestricted net position represents resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the District and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty and staff.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the District's policy is to first apply the expense towards restricted resources and then towards unrestricted resources.

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(1) Summary of Significant Accounting Policies (continued)

(t) Reclassifications

Certain amounts in the prior year financial statements have been reclassified to conform with the presentation in the current year financials statements with no change in previously reported net position, changes in net position, fund balance or changes in fund balance.

(2) Cash and Cash Equivalents

The District's cash and cash equivalents include cash on hand, demand deposits, and investments with maturities of 90 days or less. They are classified in the District's Statements of Net Position and Statements of Cash Flows as follows:

Cash and Cash Equivalents	2022	2021
Cash on hand	\$ 47,265	\$ 38,872
Demand deposits	36,674,356	33,028,606
Wisconsin Local Government Investment Pool	9,740,426	9,251,333
Total Cash and Cash Equivalents	\$ 46,462,047	\$ 42,318,811

Cash and cash equivalents are classified as follows at June 30:

Restricted for	2022	2021
Capital Projects	\$ 9,320,097	\$ 9,020,499
Debt Service	4,050,769	3,588,421
	13,370,866	12,608,920
Unrestricted	33,091,181	29,709,891
Total Cash and Cash Equivalents	\$ 46,462,047	\$ 42,318,811

Custodial Credit Risk – Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution the District will not be able to recover its deposits or will be not be able to recover collateral securities that are in the possession of an outside party. Deposits with financial institutions within the State of Wisconsin are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for time and savings deposits and \$250,000 for demand deposits per official custodian per depository institution. Deposits with financial institutions located outside the State of Wisconsin are insured by the FDIC in the amount of \$250,000 per official custodian per depository institution. Also, the State of Wisconsin has a State Guarantee Fund which provides a maximum of \$400,000 per public depository above the amount provided by an agency of the U.S. Government. However, due to the relatively small size of the State Guarantee Fund in relation to the Fund's total coverage, total recovery of insured losses

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(2) Cash and Cash Equivalents (continued)

may not be available. The cash and demand deposits were fully insured by an irrevocable Public Unit Deposit Letter of Credit issued from the Federal Home Loan Bank of Chicago (FHLBC). The value of the collateral for the deposits as of June 30, 2022 and 2021 was \$36,711,769 and \$33,459,197, respectively.

The District is authorized by Wisconsin Statute 66.0603 to invest in the following instruments:

- Securities and/or repurchase agreements issued or guaranteed as to principal and interest by the U.S. Government or its agencies.
- Certificates of deposit (or time deposits) placed with authorized commercial banks, savings and loan associations, credit unions, or trust companies.
- The Wisconsin Local Government Investment Pool (LGIP).
- Investment grade bonds or securities of any county; city; drainage district; technical college district; village; town; or school district in Wisconsin.
- Repurchase agreements with public depositories if the agreement is secured by federal bonds or securities.
- Bonds issued by a local exposition district, local professional baseball park or football stadium district, local cultural arts district, the University of Wisconsin Hospitals and Clinics Authority, or the Wisconsin Aerospace Authority.
- Any security maturing in seven years or less of the acquisition date with either the highest or second highest rating category of a nationally recognized rating agency.
- Securities of open-end management investment companies or investment trusts if the portfolio is limited to obligations of the U.S. Treasury and U.S. Agencies.

The District had the following investments and maturities as of June 30th:

<u>June 30, 2022</u>	Fair	Investment Maturities (in Years)	
<u>Investment Type</u>	<u>Value</u>	<u>Less than 1</u>	<u>1-2</u>
Wisconsin Local Government Investment Pool	<u>\$ 9,740,426</u>	<u>\$ 9,740,426</u>	<u>\$ -</u>
<u>June 30, 2021</u>	Fair	Investment Maturities (in Years)

Wisconsin Local Government Investment Pool	<u>\$ 9,251,333</u>	<u>\$ 9,251,333</u>	<u>\$ -</u>

The District has invested funds in the Wisconsin Local Government Investment Pool (LGIP). The LGIP is an investment pool managed by the State of Wisconsin Investment Board (SIF), which allows governments within the state to pool their funds for investment purposes. The SIF is not registered with the Securities and Exchange Commission but operates under the statutory authority of Wisconsin Chapter 25. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. As of June 30, 2022 and 2021, the fair value of the District's share of investments was equal to the carrying value.

Notes to Financial Statements

June 30, 2022 and 2021

(2) Cash and Cash Equivalents (continued)

Credit Risk - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. State law limits investments as listed above. The District's investment policy, in addition, minimizes its credit risk by requiring security of the investment as the first priority and limiting investments to financial institutions, the Wisconsin Local Government Investment Pool and the Wisconsin Investment Trust. The Wisconsin Local Government Investment Pool does not carry a credit quality rating.

Concentration of Credit Risk - Concentration of credit risk is the risk of loss attributed to the magnitude of an organization's investment in a single issuer. Any investment that represents 5 percent or more of total investments is required to be disclosed. Exempt from this disclosure are investments issued or explicitly guaranteed by the U.S. government, investments in mutual funds, external investments pools, and other pooled investments. The District places no limit on the amount the District may invest in any one issuer. As of June 30, 2022 and June 30, 2021, the concentration of credit risk was not applicable to the investments held by the District.

Custodial Credit Risk - For an investment, custodial credit risk is the risk that in the event of the failure of counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's policy requires that all securities, serving as collateral, are held by a third-party custodian in the District's name. The investment in the Local Government Investment Pool is not exposed to custodial credit risk.

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, but all investments held at June 30, 2022 and 2021 mature in less than one year.

Fair Value Measurements - The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant observable inputs; Level 3 inputs are significant unobservable inputs. The District currently has no investments subject to fair value measurement.

(3) Property Tax

The District's property tax is apportioned each fall, based on the equalized value as established by the State of Wisconsin - Department of Revenue, to the various collecting municipalities within the service area. The District records as revenue its share of the property tax in the year it is levied.

The combined tax rate for the fiscal years ended June 30, 2022, and 2021, were as follows:

Notes to Financial Statements

June 30, 2022 and 2021

(3) Property Tax (continued)

	2022		2021	
	Mill Rate	Amount Levied	Mill Rate	Amount Levied
Operating levy	0.44218	\$ 23,378,376	0.49718	\$ 24,419,438
Debt service levy	0.27926	14,765,000	0.30153	14,810,000
Total Property Tax Levy		<u>\$ 38,143,376</u>		<u>\$ 39,229,438</u>

The state enacted legislation to exempt computer equipment for property tax purposes and provide supplemental aid to hold taxing units harmless from loss of revenue. The District received \$122,404 and \$122,369 in state aid revenue in lieu of property tax for the year ended June 30, 2022, and 2021, respectively. The debt service property tax mill rate per \$1,000 of equalized valuation is not limited by state law.

Property tax revenue recognized in the financial statements total \$38,190,484 and \$39,261,271 for the years ended June 30, 2022, and 2021, respectively, which includes the District's property tax levy and miscellaneous other tax collection related adjustments.

(5) Long-Term Obligations (continued)

Current Refunding

During February 2022, the District refunded general obligation promissory note issues from 2014 and 2015. The District issued general obligation promissory notes in the amount of \$7,370,000 on February 15, 2022. The debt service requirement on the old debt balance totaled \$3,608,113. The debt service requirement on the new debt balance totaled \$3,535,468. The refunding resulted in a decrease in debt service of \$72,644, with an estimated economic gain on the refunding of \$70,910 when the change in debt service payments are discounted using an effective interest of 1.3207821% through October 1, 2024.

Principal and interest is payable from irrevocable ad-valorem taxes levied on all taxable property in the District. The annual requirements to amortize all outstanding general obligation debt, including interest, are as follows:

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$12,950,000	\$1,874,442	\$14,824,442
2024	11,165,000	1,529,081	12,694,081
2025	10,500,000	1,234,394	11,734,394
2026	9,270,000	946,394	10,216,394
2027	7,750,000	689,994	8,439,994
2028-2032	19,175,000	1,008,881	20,183,881
	<u>\$70,810,000</u>	<u>\$7,283,185</u>	<u>\$78,093,185</u>

Chapter 67.03(1) of the Wisconsin State Statutes limits general obligation debt of the District to 5% of the equalized value of the taxable property located in the District. As of June 30, 2022, the 5% limitation was \$2,840,021,882 and the District's outstanding general obligation debt (net of resources available to pay principal and interest) was \$70,323,357. The 5% limit, as of June 30, 2021, was \$2,604,191,738 and the District's outstanding general obligation debt (net of resources available to pay principal and interest) was \$68,593,342.

Chapter 67.03(9) of the Wisconsin State Statutes limits bonded indebtedness of the District to 2% of the equalized value of the taxable property located in the District. As of June 30, 2022, the 2% limitation was \$1,136,008,753 and the District's outstanding bonded indebtedness (net of resources available to pay principal and interest) was \$0. The 2% limit, as of June 30, 2021, was \$1,041,676,695 and the District's outstanding bonded indebtedness (net of resources available to pay principal and interest) was \$0.

(6) Retirement System

General Information about the Pension Plan

(a) Plan Description

The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS. ETF issues a standalone Annual Comprehensive Financial Report (ACFR), which can be found at <http://etf.wi.gov/publications/cafr.htm>.

(b) Vesting

For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

(c) Benefits Provided

Employees who retire at or after age 65 (54 for protective occupation employees, 62 for elected officials and State executive participants) are entitled to receive an unreduced retirement benefit. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor.

Final average earnings is the average of the participant's three highest years' earnings. Creditable service is the creditable current and prior service expressed in years or decimal equivalents of partial years for which a participant receives earnings and makes contributions as required. The formula factor is a standard percentage based on employment category.

Employees may retire at age 55 (50 for protective occupation employees) and receive reduced benefits. Employees terminating covered employment before becoming eligible for a retirement benefit may withdraw their contributions and forfeit all rights to any subsequent benefits.

The WRS also provides death and disability benefits for employees.

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(6) Retirement System (continued)

(d) Post-Retirement Adjustments

The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

<u>Year</u>	<u>Core Fund Adjustment</u>	<u>Variable Fund Adjustment</u>
2012	(7.0)	(7.0)
2013	(9.6)	9.0
2014	4.7	25.0
2015	2.9	2.0
2016	0.5	(5.0)
2017	2.0	4.0
2018	2.4	17.0
2019	0.0	(10.0)
2020	1.7	21.0
2021	5.1	13.0

Contributions. Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for general category employees, including teachers, and Executives and Elected Officials. Starting on January 1, 2016, the Executives and Elected Officials category was merged into the General Employee Category. Required contributions for protective employees are the same rate as general employees.

Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the years ending June 30, 2022 and 2021, respectively, the WRS recognized \$3,438,337 and \$3,362,433 in contributions from the District.

Protective without Social Security	6.75%	16.35%	6.75%	16.25%

(e) Pension Assets, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022 and 2021, the District reported an asset of \$24,604,053 and an asset of \$19,330,650, respectively, for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2021, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2020, rolled forward to December 31, 2021.

No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The District's proportion of the net pension asset was based on its share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2021, the District's proportion was 0.30525424%, which was a decrease of 0.00437608% from its proportion measured of 0.30963032% as of December 31, 2020.

For the years ended June 30, 2022 and 2021, the District recognized pension revenue of \$2,122,318 and pension revenue of \$2,077,455, respectively.

At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

(6) Retirement System (continued)

(e) Pension Assets, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

\$1,566,862 reported as deferred outflows related to pension resulting from the WRS employer's contributions subsequent to the measurement date at June 30, 2022, will be recognized as a reduction of the net pension liability (asset) in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year ended June 30:	Expense
2023	\$ (1,147,089)
2024	(6,677,504)
2025	(2,940,734)
2026	(2,816,918)
	<u>\$ (13,582,245)</u>

\$1,567,171 reported as deferred outflows related to pension resulting from the WRS employer's contributions subsequent to the measurement date at June 30, 2021, will be recognized as a reduction of the net pension asset in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year ended June 30:	Expense
2022	\$ (3,566,440)
2023	(965,960)
2024	(6,575,568)
2025	(2,785,221)
	<u>\$ (13,893,189)</u>

(f) Actuarial Assumptions

The total pension liability in the December 31, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(6) Retirement System (continued)

(f) Actuarial Assumptions (continued)

Actuarial Valuation Date:	December 31, 2020
Measurement Date of Net Pension Asset	December 31, 2021
Experience Study:	Jan 1, 2018 – Dec 31, 2020 Published Nov 19, 2021
Actuarial Cost Method:	Entry Age Normal
Asset Valuation Method:	Fair Value
Long-Term Expected Rate of Return:	6.8%
Discount Rate:	6.8%
Salary Increases:	
Inflation:	3.0%
Seniority/Merit:	0.1% - 5.6%
Mortality:	2020 WRS Experience Mort Table
Post-retirement Adjustments*	1.7%

The total pension asset in the December 31, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	December 31, 2019
Measurement Date of Net Pension Asset	December 31, 2020
Actuarial Cost Method:	Entry Age Normal
Asset Valuation Method:	Fair Value
Long-Term Expected Rate of Return:	7.0%
Discount Rate:	7.0%
Salary Increases:	
Inflation:	3.0%
Seniority/Merit:	0.1% - 5.6%
Mortality:	Wisconsin 2018 Mortality Table
Post-retirement Adjustments*	1.9%

** No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. 1.7% and 1.9% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate for 2022 and 2021, respectively.*

Actuarial assumptions are based upon an experience study conducted in 2021 using experience from January 1, 2018 to December 31, 2020. Based on this experience study, actuarial assumptions used to measure the total pension liability changed from prior year,

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(6) Retirement System (continued)

(f) Actuarial Assumptions (continued)

including the discount rate, long-term expected rate of return, post-retirement adjustment, wage inflation rate, mortality and separation rates. The total pension liability for December 31, 2021, is based upon a roll-forward of the liability calculated from the December 31, 2020, actuarial valuation.

Long-term expected Return on Plan Assets. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Core Fund Asset Class</u>	<u>Asset Allocation</u>		<u>Long-Term Expected Nominal Rate of Return %</u>		<u>Long-Term Expected Real Rate of Return %</u>	
Global Equities	52	%	6.8	%	4.2	%
Fixed Income	25		4.3		1.8	
Inflation Sensitive Assets	19		2.7		0.2	
Real Estate	7		5.6		3	
Private Equity/Debt	12		9.7		7	
Total Core Fund	115	%	6.6	%	4	%
<u>Variable Fund Asset Class</u>						
U.S. Equities	70	%	6.3	%	3.7	%
International Equities	30		7.2		4.6	
Total Variable Fund	100	%	6.8	%	4.2	%
New England Pension Consultants Long Term US CPI (Inflation) Forecast: 2.5%						
Asset allocations are managed within established ranges, target percentages may differ from actual monthly allocations						
The investment policy used for the Core Fund involves reducing equity exposure by leveraging lower-volatility assets, such as fixed income securities. This results in an asset allocation beyond 100%. Currently, an asset allocation target of 15% policy leverage is used, subject to an allowable range of up to 20%.

Single Discount Rate. A single discount rate of 6.80% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 1.84%. Because of the unique structure of WRS, the 6.80% expected rate of return implies that a dividend of approximately 1.7% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the municipal bond rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

(6) Retirement System (continued)

(f) Actuarial Assumptions (continued)

Sensitivity of the District's proportionate share of the net pension liability (asset) to changes in the discount rate. The following presents the District's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.80 percent, as well as what the District's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.80 percent) or 1-percentage-point higher (7.80 percent) than the current rate:

June 30, 2022	1% Decrease to Discount Rate (5.8%)	Current Discount Rate (6.8%)	1% Increase to Discount Rate (7.8%)
Proportionate share of the net pension liability (asset)	\$17,458,320	(\$24,604,053)	(\$54,881,136)
June 30, 2021	1% Decrease to Discount Rate (6.0%)	Current Discount Rate (7.0%)	1% Increase to Discount Rate (8.0%)
Proportionate share of the net pension liability (asset)	\$18,400,100	(\$19,330,650)	(\$47,043,605)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at <http://etf.wi.gov/publications/cafr.htm>.

The District reported a payable as of June 30, 2022 and 2021 in the amount of \$542,118 and \$521,513, respectively, for the outstanding amount of contributions to the pension plan.

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(7) Other Post-Employment Benefits (OPEB) – FY 2022

(a) Plan Description

The Plan provides comprehensive medical and dental benefits as well as life insurance to eligible retirees and their spouses on a pay-as-you-go basis. To be eligible, participants must have been hired prior to July 1, 2014 and obtained any of the following: 25 years of service and age 55; 20 years of service and age 56; 15 years of service at age 57; or 10 years of service and age 62. The plan is administered by the District and does not issue a stand-alone audited financial report. Membership of the plan at June 30 was as follows:

<u>Participant Count</u>	
Inactive employees or beneficiaries currently receiving benefit payments	470
Active employees	<u>610</u>
 Total Participants	 <u><u>1,080</u></u>

(b) Benefits Provided

The plan provides medical, dental, and life insurance benefits to eligible retirees and their spouses through the District's group medical and life insurance plans, which covers both active and retired members.

The District pays full medical and dental premiums for eligible retirees and dependents retired prior to October 1, 2004. Retirees on or after October 1, 2004, who were eligible as of June 30, 2020, and elected coverage have a portion of their premiums paid by the District with the amount depending on the date of retirement. Coverage ends at age 65. All other employees hired before July 1, 2014 that meet the retirement age and service requirements have the choice of having a portion of their medical premiums paid for 3 years (though not above the age of Medicare eligibility) or contributions to a retiree HRA account of \$1,000 per full service year plus \$20 per hour of sick time at retirement. Gateway Technical College also maintains a life insurance policy on all retirees which meet the same eligibility guidelines. The benefit amount is one times salary, rounded to the next \$1,000 with a maximum benefit of \$150,000 for retirees prior to July 1, 2012 and \$50,000 for all other retirees. The pre-65 benefit amount is reduced 75% at age 65, 50% at age 66, and 25% at age 67.

The eligibility requirements for full benefits are based on years of service and age at retirement. Employees must be 55 years old and have completed 25 years of service, 56 years old and 20 years of service, 57 years old and 15 years of service, or 62 with 10 years of service before they are eligible for benefits.

Early retirement health and dental benefits have been eliminated for employees hired on or after July 1, 2014.

(7) Other Post-Employment Benefits (OPEB) – FY 2022 (continued)

(c) Contributions

Employees	District Contributions
Teachers and Management	For participants retired before July 1, 2014, the District will contribute 85% of the medical and dental premiums. Early retirement benefits have been eliminated for employees hired on or after July 1, 2014.
Support Professionals	For participants retired before July 1, 2014, the District will contribute 85% of the medical and dental premiums. Early retirement benefits have been eliminated for employees hired on or after July 1, 2014.

* Life insurance is also provided to certain retirees, based on the plan description

* See plan descriptions for additional detailed eligibility requirements

(d) Total OPEB Obligation

The District's total OPEB liability was measured as of June 30, 2022, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total OPEB liability in the June 30, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation:	3.0 percent
Salary Increases:	3.0 percent
Healthcare cost trend rates:	9.00 percent graded down to 5.0 percent for the years beginning July 1, 2031 and later.

Pri-2012 Total Dataset Employee and Retiree Amount-Weighted with MP-2021 generational mortality improvement after 2012 base mortality year.

The long-term expected rate of return on OPEB plan investments was valued at 4.09%.

Discount rate. The discount rate used to measure the total OPEB liability was 4.09% and is based off the S&P municipal bond 20-year high-grade rate index. No assets have been accumulated in an irrevocable trust.

* See plan descriptions for additional detailed eligibility requirements

(d) Total OPEB Obligation

The District’s total OPEB liability was measured as of June 30, 2021, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total OPEB liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation:	3.0 percent
Salary Increases:	3.0 percent
Healthcare cost trend rates:	9.00 percent graded down to 5.0 percent for the years beginning July 1, 2030 and later.

Mortality rates are the RP-2014 Total Dataset Mortality, adjusted to 2006 using Scale MP-2014; projected on a generational basis using Scale MP-2020.

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period July 1, 2020 - June 30, 2021.

The long-term expected rate of return on OPEB plan investments was valued at 2.18%.

Discount rate. The discount rate used to measure the total OPEB liability was 2.18% and is based off the S&P municipal bond 20-year high-grade rate index. No assets have been accumulated in an irrevocable trust.

Net Position - July 1, 2021, Restated	<u>\$ 53,985,533</u>	<u>\$167,270,582</u>	<u>\$ 105,440,309</u>

(9) Risk Management

The District maintains a risk management program that includes a comprehensive insurance program, a safety committee, an independent security service firm, an insurance consulting firm, and regular meetings with employees covering risk management.

Districts Mutual Insurance and Risk Management Services (DMI)

In July 2004, all sixteen WTCS technical colleges created Districts Mutual Insurance Company (DMI). Districts Mutual Insurance and Risk Management Services is a fully-assessable mutual company authorized under Wisconsin statute 611 to provide property, casualty, and liability insurance and risk management services to its members. The scope of insurance protection provided by DMI is broad, covering property at a blanket limit of \$500,000,000; general liability, auto, and educators' legal liability at \$5,000,000 per occurrence; and workers' compensation at the statutorily required limits.

At this time, settled claims have not approached the coverage limits as identified above. The District's exposure in its layer of insurance is limited to \$5,000 to \$100,000 per occurrence depending on the type of coverage and DMI purchases reinsurance for losses in excess of its retained layer of coverage.

DMI operations are governed by a five-member board of directors. Member colleges do not exercise any control over the activities of DMI beyond election of the board of directors at the annual meeting. The board has the authority to adopt its own budget, set policy matters, and control the financial affairs of the company. For the fiscal years 2022 and 2021, the District paid a premium of \$648,257 and \$748,218, respectively.

Future premiums will be based on relevant rating exposure bases as well as the historical loss experience by members. DMI's ongoing operational expenses, other than loss adjustment expenses, are apportioned pro rata to each participant based on equity interest in the company.

The DMI financial statements can be obtained through Districts Mutual Insurance and Risk Management Services, 212 W Pinehurst Trail, Dakota Dunes, SD 57049.

(9) Risk Management (continued)

Supplemental Insurance

In July 1997, the WTCS technical colleges formed the WTCS Insurance Trust to jointly purchase commercial insurance to provide coverage for losses from theft of, damages to, or destruction of assets. The trust is organized under Wisconsin Statutes 66.0301 and is governed by a board of trustees consisting of one trustee from each member college. Member entities include all sixteen WTCS technical colleges.

The WTCS Insurance Trust has purchased the following levels of coverage from Arthur J. Gallagher Risk Management Services, Inc. for its participating members:

- Crime: \$750,000 coverage for employee dishonesty, forgery, computer fraud and funds transfer fraud; \$750,000 coverage for theft, robbery, burglary, disappearance and destruction of money and securities; \$25,000 coverage for investigation expenses, \$15,000 deductible for employee dishonesty, forgery and fraud.

The Trust financial statements can be obtained through Lakeshore Technical College District, 1290 North Avenue, Cleveland, WI 53015.

The District has purchased the following additional insurance through:

Wenk Aviation Insurance

- Aircraft liability: \$3,000,000 limit each occurrence including passengers and property damage and medical services expense coverage of \$5,000 per person; aircraft physical damage as indicated in the policy of \$170,000, \$170,000 and \$715,000 with \$250 not in motion deductible and in motion deductibles based on physical damage value of \$1,000, \$1,000 and \$5,000; hangar keeper's liability coverage at \$250,000 per aircraft/\$250,000 per occurrence; \$5,000 deductible/negligent instruction liability at \$1,000,000 per occurrence.

Arthur J. Gallagher Risk Management Services, Inc.

- Multimedia liability: \$5,000,000 limit each claim; \$10,000 deductible each claim.
- Storage Tank Pollution Liability: \$1,000,000 aggregate; \$1,000,000 limit each confirmed release; \$5,000 deductible.
- Veterinary Services Professional Liability: \$3,000,000 aggregate; \$1,000,000 limit each claim; \$1,000 deductible.

(10) Leases

Lease Liability: Right-to-Use Asset Agreements

The District leases building space and equipment for various terms under long-term, noncancelable lease arrangements and is required to make various monthly principal and interest payments. The District used the incremental borrowing rate as the interest rate for

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(10) Leases (continued)

Lease Liability: Right-to-Use Asset Agreements (continued)

the right-to-use asset agreements if an interest rate was not provided in the lease agreement.

The District subleases building space at the Lakeview Advanced Technology Center with variable lease payments based on CPI, a term of 18 years, an interest rate of 2% and an expiration date in 2023. The District also leases aircraft from Christiansen Aviation with variable lease payments based on flight hours, five-year lease terms, 2% interest rates and expiration dates in 2024 and 2026.

During fiscal year 2022, the District entered into one new right-to-use lease arrangement for printers/copiers with a term of two years, an interest rate of 4% and monthly payments of \$1,111.92. The lease expires in 2024. An initial lease liability was recorded in the amount of \$23,245.

During fiscal year 2021, the District entered into one new right-to-use lease arrangement for two aircraft with variable lease payments based on flight hours, a five-year lease term, an interest rate of 2% and an expiration date in 2026. An initial lease liability was recorded in the amount of \$296,552.

Total principal and interest costs for such leases were \$929,925 and \$1,120,333 for the fiscal years ended June 30, 2022 and 2021. The future minimum lease payments for these agreements are as follows:

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 865,380	\$ 55,691	\$ 921,071
2024	738,155	38,991	777,146
2025	278,049	27,085	305,134
2026	197,057	21,814	218,871
2027	140,823	18,337	159,160
2028 - 2032	428,439	55,011	483,450
2033 - 2037	188,615	29,185	217,800
2038 - 2042	<u>186,568</u>	<u>9,453</u>	<u>196,021</u>
Total	<u>\$3,023,086</u>	<u>\$ 255,567</u>	<u>\$ 3,278,653</u>

These lease agreements qualify as right-to-use assets for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the date of their inception. Right-to-use lease assets included in capital assets are as follows:

GATEWAY TECHNICAL COLLEGE DISTRICT

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(12) Joint Venture (continued)

The WISPALS financial statements can be obtained through WiLS, 1360 Regent Street, Madison, WI 53715.

(13) Commitments and Contingent Liabilities

Child Care Center - In April 2003, the District entered into a ground lease agreement with the Gateway Technical College Foundation Inc., (Foundation) to lease a plot of land for construction of a building for use as a child care center. The Foundation entered into a lease agreement with a child care provider who would occupy the structure. The building, funded by the Foundation, is part of the project that included the District's construction of the Bioscience building.

The ground lease and the lease agreement are for 20 years. At the expiration of the ground lease, the title to the building including all improvements and appurtenances constructed by the Foundation will be transferred to the District. The Foundation funded the construction through loans of \$962,310. Debt service payments are the responsibility of the Foundation who will use the rental income provided by the tenant (child care provider) to finance the payments.

In the event of default by the tenant, the District will, in an effort to continue childcare services for students and employees of the District, and subject to state board approval, agree to pay up to \$500,000 toward any loan commitments made to the lenders, by the Foundation, for the construction of the building.

As of June 30, 2022, the District has commitments outstanding for construction projects of approximately \$2,919,162. As of June 30, 2021, the commitments for construction projects were \$4,671,866.

(14) Subsequent Events

The District Board authorized various expenditure budget revisions for the General Fund, Special Revenue Fund–Aidable, and Capital Projects Fund. The purpose of these revisions was to appropriately eliminate all negative budget variances by function. These revisions were accomplished by reallocating among various budget functions without affecting the total budgeted expenditures.

Subsequent to June 30, 2022, the District issued \$5,500,000 in General Obligation Promissory Notes:

<u>Date</u>	<u>Interest Rate</u>	<u>Amount</u>	<u>Purpose</u>
8/1/2022	3%-4%	\$ 4,000,000	Proceeds to be used for \$2,500,000 in equipment and \$1,500,000 for building improvement projects.
9/8/2022	4%	1,500,000	Proceeds to be used for building improvement projects.
		<u>\$ 5,500,000</u>	

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Financial Statements

June 30, 2022 and 2021

(14) Subsequent Events (continued)

During fiscal year 2022, the District entered into a lease agreement for building space to be used by the Barber and Cosmetology programs. The interest rate is 4% and the lease term is ten years and begins in fiscal year 2023.

Gateway Technical College Foundation, Inc.
(A Component Unit of Gateway Technical College District)
Notes to Financial Statements
June 30, 2022 and 2021

Note A. Nature of Organization

The Foundation was formed in 1977, under Chapter 181 of the Wisconsin Statutes as a Wisconsin not-for-profit corporation, without stock. The Foundation is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code. The Foundation qualifies as a publicly supported organization.

The Foundation is dedicated to supporting, promoting, and facilitating the educational and cultural activities of Gateway Technical College District. The Foundation receives contributions and bequests from individuals, families, corporations, or nonprofit agencies. These contributions and bequests are invested, and most funds are managed as perpetual endowments, meaning only income, and not the principal, is disbursed. Other funds may disburse principal according to donor wishes. The Board authorizes grants to various organizations for charitable purposes.

Note B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Foundation have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

Basis of Presentation

Financial statement presentation follows the standards of FASB ASC 958, *Not-for-Profit Entities*. Under FASB ASC 958, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Net assets of the Foundation and changes therein are classified and reported as follows:

Without Donor Restrictions—Net assets that are not subject to donor-imposed restrictions as to use.

With Donor Restrictions—Net assets subject to donor-imposed restrictions either in perpetuity, restricted for specific purposes, or restricted by the passage of time.

Restricted and Unrestricted Revenue and Support

Contributions received are recorded as without donor restrictions or with donor restrictions depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions.

This information is an integral part of these Financial Statements.

Gateway Technical College Foundation, Inc.
(A Component Unit of Gateway Technical College District)
Notes to Financial Statements
June 30, 2022 and 2021

Note B. Summary of Significant Accounting Policies (cont.)

Restricted and Unrestricted Revenue and Support (cont.)

Promises to Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional. The amortization of discounts is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions as needed. Promises to give are recorded at net realizable value if expected to be collected in one year, and at fair value, which is measured as the present value of their future cash flows, if expected to be collected in more than one year. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Management has evaluated promises to give at the end of the year and believes all outstanding promises to give will be collected; therefore, management deems an allowance not necessary.

Investments

The Foundation carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the Statement of Financial Position. Unrealized gains and losses are included in the change in net assets in the accompanying Statement of Activities. Gains and investment income that is limited to specific use by donor-imposed restrictions are reported as increases in unrestricted net assets if the restrictions are met in the current year.

Return Objectives and Risk Parameters (Investment Policy)

The Board of Directors (Board) of the Gateway Technical College Foundation, Inc. (Foundation) believes the most effective method for management of permanent funds is through a total return concept. Under this concept, investment objectives are established to provide the Foundation with income to meet its current needs and also provide reasonable opportunities for long-term growth in the asset base. The Board has appointed an Investment Committee (Committee) and delegated to it responsibility for administrative matters concerning the investment of the funds within the Foundation. Given the Committee's assumptions about current and projected capital market conditions, investment objectives for the Foundation are as follows.

Return Type

Relative	The investments should produce a total return meeting or exceeding the median return from a universe of Managers with similar asset allocations. Historically, this range has been 8–10%.
----------	---

This information is an integral part of these Financial Statements.

Gateway Technical College Foundation, Inc.
(A Component Unit of Gateway Technical College District)
Notes to Financial Statements
June 30, 2022 and 2021

Note B. Summary of Significant Accounting Policies (cont.)

Return Objectives and Risk Parameters (Investment Policy) (cont.)

Real The total return after investment expenses should equal or exceed an average annual “real” rate of return of 5%. The “real” return is defined as a return above the rate of inflation as measured by the Consumer Price Index (CPI).

Benchmark The total return of the investments, before investment expenses, is expected to meet or exceed the composite performance of the relevant security markets on a three- to five-year annualized basis.

The Committee believes diversification is, in large part, accomplished through the selection of asset mix and Managers. The following mix is for the Foundation as a whole. The Committee is responsible for maintaining investments within the established ranges. The target allocation to alternative investments will be determined by the Board and be funded from equities or fixed income based on the specific investment. The investment manager will make the appropriate changes to any blended benchmark as the overall portfolio changes. Alternative investments utilized should offer a degree of liquidity, have a value that is readily ascertainable at any point in time, and should not be subject to UBTI.

Asset Class	Target Asset Mix	Asset Mix Range
Equities	55%	45–65%
Fixed Income	28%	20–50%
Alternative Investments	15%	0–20%
Cash or Cash Equivalents	2%	0–10%

Risk levels, as measured by the standard deviation of quarterly returns over a three-year period, of a Manager should be within 10% of a comparable universe and/or the benchmark index. That guideline applies to the investments of the Foundation taken as a whole, weighted by the policy asset mix (50/50 mix). To minimize the likelihood of the erosion in asset value due to declining security markets, a loss greater than 10% in any one year will result in a review and possible change in investment policy. It is anticipated that a loss greater than this may occur no more than once in twenty years.

Spending Policy and How the Investment Objectives Relate to the Spending Policy

In order to facilitate the Foundation income planning and annual support of their programs, the Foundation’s intent is to annually distribute a minimum of \$500 from each fund. If the donor(s) does not fully utilize the annually defined earnings attributable to their fund, the remainder will remain in their fund to accrue for future market value change.

Types of Funds

Resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purpose. Separate accounts are maintained for each fund; however, in the accompanying financial statements, funds that have similar characteristics have been combined into fund groups.

This information is an integral part of these Financial Statements.

Gateway Technical College Foundation, Inc.
(A Component Unit of Gateway Technical College District)
Notes to Financial Statements
June 30, 2022 and 2021

Note B. Summary of Significant Accounting Policies (cont.)

Types of Funds (cont.)

General Fund—Many contributors to the Foundation do not establish a fund but contribute to the General Fund of the Foundation for the unrestricted use of the Foundation.

Income from this fund is used for administrative costs and grants.

Scholarship Fund—A scholarship fund is established when the donor specifies that the income or principal of the fund is to be used for one or more scholarships for students attending Gateway Technical College, Inc. Distributions from the funds are at the discretion of the Foundation's Board of Directors.

Emergency Fund—For this type of fund, at the time the fund is established, the general purpose of the fund is to support. This is the type of fund that permits the Foundation to respond most readily to varying Gateway students' needs. Distributions from the funds are at the discretion of the Foundation's Board of Directors.

Acorn Fund—This fund allows a donor to build a fund over a five-year period to reach the minimum required amount of \$10,000. Once the requirement is met, gifting can begin.

Capital and Project Fund—For this type of fund, at the time the fund is established, the general purpose of the fund is to support. This is the type of fund that permits the Foundation to respond most readily to the needs of Gateway Technical College, Inc. Distributions from the funds are at the discretion of the Foundation's Board of Directors.

Property

Property is recorded at cost at the date of acquisition, or fair value at the date of donation in the case of gifts. Depreciation of the property is provided over the estimated useful lives of the property at 39 years on a straight-line basis. Depreciation for the years ended June 30, 2022 and 2021 was \$59,321 and \$59,416, respectively.

Costs of maintenance and repairs are charged to expense while costs of significant renewals and betterments are capitalized.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Foundation considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Investment Pools—Income Allocation

The Foundation maintains one master investment account for the majority of its investments. The investment income earned on this and all other investments, net of trustee fees, is allocated to the individual funds quarterly on the basis of the fund balance at the end of the quarter.

This information is an integral part of these Financial Statements.

Gateway Technical College Foundation, Inc.
(A Component Unit of Gateway Technical College District)
Notes to Financial Statements
June 30, 2022 and 2021

Note B. Summary of Significant Accounting Policies (cont.)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Significant estimates used in preparing these financial statements include those assumed in the valuing of investments at fair value. An estimate regarding a possible loss on these investments cannot be made due to the fluctuating nature of market conditions. It is at least reasonably possible that the estimates will change within the next year depending on market conditions.

Uncertain Tax Positions

The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, the Foundation may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained upon examination by taxing authorities based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Foundation and various positions related to the potential sources of unrelated business income tax (UBIT). The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There were no unrecognized tax benefits identified or recorded as liabilities for the year ended June 30, 2022 and 2021. Accordingly, there is no accrued interest or penalties associated.

Open Tax Years

The Foundation's Forms 990, *Return of Organization Exempt from Income Tax*, for the years ending 2019, 2020, and 2021 are subject to examination by the Internal Revenue Service, generally for three years after they were filed. None of the Foundation's federal or state returns are currently under examination.

Note C. Endowment Funds Held by Gateway Technical College Foundation, Inc.

Interpretation of Relevant Law

The Board of Directors of Gateway Technical College Foundation, Inc., has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, Gateway Technical College Foundation, Inc., classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, and (b) the original value of subsequent gifts to the permanent endowment. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

Gateway Technical College Foundation, Inc.
(A Component Unit of Gateway Technical College District)
Notes to Financial Statements
June 30, 2022 and 2021

Note E. Concentration of Credit Risk

The Foundation maintains cash balances at Johnson Bank and Trust in Kenosha, Wisconsin. Accounts at the bank are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At various times throughout the year, the Foundation had cash balances that exceeded FDIC limits. At June 30, 2022 and 2021, the Foundation had \$603,239 and \$1,180,704, respectively, on deposit, of which \$353,239 and \$930,704 was not insured by the FDIC.

The Foundation has deposited cash equivalents and investments with Johnson Trust as Master Custodian. As of June 30, 2022, and 2021, there was a certificate of insurance with coverage of financial institution bond for any one loss of \$10,000,000 and professional liability with a per loss of \$10,000,000 subject to aggregate.

The Foundation's operations are located in Kenosha, Wisconsin. The Foundation's major sources of revenue and support are derived from contributions and investment income.

Note F. Operating Lease

The Foundation leases space to Every Child's Place, Inc., an unrelated party, that expires April 15, 2023, and leases two spaces to Gateway Technical College that expire December 1, 2024, and July 29, 2030.

The total minimum lease receipts at June 30 are as follows:

Year Ending June 30,	Amount
2023	143,302
2024	51,240
2025	39,974
2026	33,600
2027	33,600
Thereafter	<u>100,800</u>
Total	<u>\$402,516</u>

The Foundation entered into a ground lease with Gateway Technical College, which began on January 1, 2002, and is to terminate on December 31, 2023, without an option to renew.

Under this lease, the premises will be used for a childcare center and program laboratory space with the tenants being Every Child's Place, Inc., and Gateway Technical College. The construction of the building was at the expense of the Foundation. The Foundation agrees to pay \$1 annually for the land rent commencing on January 1, 2002.

Upon termination of this lease, the title to the building, improvements, and appurtenances constructed or erected by the Foundation during the term of the lease shall vest in Gateway Technical College, and the Foundation shall cease to have any interest in, and will relinquish rights to, the building.

This information is an integral part of these Financial Statements.

Gateway Technical College Foundation, Inc.
(A Component Unit of Gateway Technical College District)
Notes to Financial Statements
June 30, 2022 and 2021

Note G. Long-Term Debt

The Foundation has entered into one loan with one bank in Racine, Wisconsin.

	2022	2021
Long-Term Debt Consists of:		
Note payable to Wells Fargo with monthly installments of \$2,101 in principal and interest at 4.00%, with final payment due on August 15, 2020. Secured with real estate.	\$ —	\$ —
Less: Current Portion	<u>—</u>	<u>—</u>
Net Long-Term Debt	<u>\$ —</u>	<u>\$ —</u>

Note H. Donated Services

Donated services are recognized as in-kind services in accordance with FASB ASC 958, *Not-for-Profit Entities*, if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Foundation.

As of June 30, 2022, and 2021, \$257,846 and \$917,611, respectively, has been reflected in the financial statements for donated services. The Foundation generally pays for services requiring specific expertise. Donated services for the year ended June 30, 2022 include payroll services in the amount of \$195,089, audit services in the amount of \$7,176, and donated supplies in the amount of \$55,581. In addition, many individuals volunteer their time and perform a variety of tasks that assist the Foundation that are not recognized in the financial statements since they do not meet the criteria for recognition under FASB ASC 958, *Not-for-Profit Entities*.

Note I. Comparative Financial Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Foundation's financial statements for the year ended June 30, 2022, from which the summarized information was derived.

This information is an integral part of these Financial Statements.

Notes to Financial Statements
June 30, 2022 and 2021

Note J. Promises to Give

The Organization had promises to give in the year ended as follows:

Promises to Give Expected to be Collected for the year ended June 30,

	2022	2021
Less than One Year	\$1,262,500	\$1,387,500
More than One Year and Less than Five Years	<u>2,375,000</u>	<u>3,725,000</u>
	3,637,500	5,112,500
Less Discount (1.25 rate) on Promises to Give	<u>29,687</u>	<u>46,563</u>
Net Promises to Give	3,607,813	5,065,937
Less Amounts Representing Current Portions	<u>1,262,500</u>	<u>1,387,500</u>
Promises to Give, Net, More than One Year	<u><u>\$ 2,345,313</u></u>	<u><u>\$ 3,678,437</u></u>

Of the amounts in Promises to Give as of June 30, 2022 and 2021, \$175,000 and \$425,000, respectively, represent amounts given by donors for the long-term purpose of being held permanently with only the earnings to be spent.

Note K. Functional Classification of Expenses

The Foundation's functional classification of expenses is listed below:

	2022	2021
Program Activities	\$1,100,211	\$2,100,381
Supporting Activities		
Management and General	174,401	157,002
Fundraising	<u>59,531</u>	<u>77,996</u>
Total Supporting Activities	<u>233,932</u>	<u>234,998</u>
Total Operating Expenses	<u><u>\$1,334,143</u></u>	<u><u>\$2,335,379</u></u>

This information is an integral part of these Financial Statements.

Gateway Technical College Foundation, Inc.
(A Component Unit of Gateway Technical College District)
Notes to Financial Statements
June 30, 2022 and 2021

Note L. Liquidity and Availability of Financial Assets

The Foundation does not have a formal liquidity and cash management policy in place but has started to develop such policy. The Organization generally maintains financial assets in liquid form, such as cash and cash equivalents, so that at least \$100,000 is on hand to pay operating expenses. The Foundation also has a formal investment policy in accordance with which it invests its assets. The Foundation expects over the long term that the combination of yield and appreciation will provide annual cash flow sufficient to both meet current needs and build stabilization reserves, and to achieve growth of principal.

As of June 30, 2022, the Organization had \$1,862,585 of financial assets available to meet the cash needs for general expenditures within one year of the statement of financial position date. These financial assets primarily consisted of cash and cash equivalents of \$600,085 and current promises to give of \$1,262,500.

Note M. Net Assets with Donor Restrictions

The Foundation's net assets with donor restrictions are available for the purposes as of June 30, 2022:

	2022	2021
Subject to Expenditure for Specified Purpose:		
Scholarships	\$12,406,0066	\$12,406,006
Subject to the Foundation's Spending Policy:		
Scholarships	125,000	125,500
Perpetual in Nature:		
Scholarships—Endowment	<u>7,554,931</u>	<u>7,554,931</u>
Total Net Assets with Donor Restrictions	<u>\$20,085,937</u>	<u>\$20,085,937</u>

Note N. Subsequent Events

Management has evaluated all subsequent events through October 28, 2022, for possible inclusion of a disclosure in the financial statements.

On February 17, 2022, a SEC complaint was filed regarding a fraudulent scheme with one of the investments that the Foundation invests in. The founder and former CIO of the investment knowingly inflated the value of the assets held by manipulating a third-party pricing model that was used to value swaps held by the fund. The fund has been suspended redemption of the funds and is in liquidation process. To obtain a conservative value of the investment and to account for uncertainty and opportunity costs, the Foundation has worked with its investment advisor. Accordingly, as of October 28, 2022, the remaining value of the fund was estimated to be \$68,072 and is reflected in these financial statements.

This information is an integral part of these Financial Statements.

GATEWAY TECHNICAL COLLEGE DISTRICT

Notes to Required Supplementary Information
June 30, 2022

Note A - Governmental Accounting Standards Board Statement No. 75

The District implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* for the fiscal year ended June 30, 2018. Information for prior years is not available.

Single-employer defined postemployment benefit plan:

Demographic assumptions have been updated based upon the most recent experience study. The following are changes in assumptions over the last ten fiscal years:

	<u>Discount Rate</u>
6/30/2022	4.09%
6/30/2021	2.18%
6/30/2020	2.66%
6/30/2019	2.79%
6/30/2018	2.98%

No assets have been accumulated in an irrevocable trust. The plan's discount rate applied to all periods is based off the S&P municipal bond 20-year high grade rate index.

Note B - Wisconsin Retirement System

There were no changes in benefit terms for any participating employer in WRS. The following are changes in assumptions over the last ten fiscal years:

6/30/2022	<u>LT Expected Rate of Return:</u> Decreased from 7% to 6.8%
	<u>Discount Rate:</u> Decreased from 7% to 6.8%
	<u>Mortality Table:</u> Changed from Wisconsin 2018 to 2020 WRS Experience
	<u>Post-Retirement Adj:</u> Decreased from 1.9% to 1.7%
6/30/2021	No significant change in assumptions were noted from the prior year
6/30/2020	No significant change in assumptions were noted from the prior year
6/30/2019	No significant change in assumptions were noted from the prior year
6/30/2018	<u>LT Expected Rate of Return:</u> Decreased from 7.2% to 7%
	<u>Discount Rate:</u> Decreased from 7.2% to 7%
	<u>Inflation:</u> Decreased from 3.2% to 3%
	<u>Seniority/Merit:</u> Decreased from 0.2%-5.6% to 0.1%-5.6%
	<u>Mortality Table:</u> Changed from 2012 to 2018
	<u>Post-Retirement Adj:</u> Decreased from 2.1% to 1.9%
6/30/2017	No significant change in assumptions were noted from the prior year
6/30/2016	No significant change in assumptions were noted from the prior year
6/30/2015	No significant change in assumptions were noted from the prior year

SUPPLEMENTARY INFORMATION

The following supplementary information is provided to document Gateway's compliance with budgetary requirements. This accountability is an essential requirement to maintain the public trust. The method of accounting used for budgetary compliance monitoring is substantially different from the method of preparing the basic financial statements of the District. At the end of this section is a reconciliation between the two methods.

GENERAL FUND

The general fund is the primary operating fund of the District and receives most of its revenue from local sources. It is used to account for all financial resources except those accounted for in another fund.

GATEWAY TECHNICAL COLLEGE DISTRICT

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than debt service or major capital projects) that are restricted to expenditures for designated purposes because of legal or regulatory provisions. Gateway has two special revenue funds.

Operating fund - The operating fund is used to account for the proceeds from specific revenue sources other than non-aidable funds that are legally restricted as to expenditures for specific purposes.

Non-aidable - The non-aidable fund is used to account for assets held by the district in a trustee capacity, primarily for student aids and other student activities.

ENTERPRISE FUNDS

Enterprise funds are used to account for operations (other than for the educational operations) that are financed and operated in a manner similar to a private business enterprise, where the intent of the District is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The operations of the District's culinary arts, auto lab, and various other minor services are accounted for in the enterprise funds in a manner similar to accounting for private enterprise operations.

GATEWAY TECHNICAL COLLEGE DISTRICT

Enterprise Fund Schedule of Revenues, Expenses, and Changes in Net Position
 Budget and Actual (Non-GAAP Budgetary Basis)
 For the year ended June 30, 2022

	Budget Amounts		Actual on a Budgetary Basis	Variance with Final Budget- Over (Under)
	Original	Final		
<u>Operating Revenues</u>				
Local government - tax levy	\$ 45,000	\$ 45,000	\$ 45,000	\$ -
Federal	-	-	-	-
Tuition and fees - other student fees	220,000	220,000	209,444	(10,556)
Miscellaneous - institutional revenue	<u>460,000</u>	<u>460,000</u>	<u>189,786</u>	<u>(270,214)</u>
Total revenues	<u>725,000</u>	<u>725,000</u>	<u>444,230</u>	<u>(280,770)</u>
<u>Operating Expenses</u>				
Auxiliary services	<u>725,000</u>	<u>725,000</u>	<u>541,174</u>	<u>183,826</u>
Change in net position	-	-	(96,944)	(96,944)
<u>Net Position</u>				
Beginning of year	<u>1,049,497</u>	<u>1,049,497</u>	<u>1,049,497</u>	<u>-</u>
End of year	<u>\$ 1,049,497</u>	<u>\$ 1,049,497</u>	<u>\$ 952,553</u>	<u>\$ (96,944)</u>

STATISTICAL SECTION

This part of the District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health. The information in this section was prepared by the District and was not subject to audit by the independent certified public accounting firm.

Contents

Financial Trends

These schedules contain trend information to assist the reader in understanding and assessing how the District's financial position has changed over time.

Revenue Capacity

These schedules contain information to assist the reader in assessing one of the District's most significant local revenue sources, the property tax.

Debt Capacity

These schedules present information to assist the reader in understanding and assessing the District's current levels of outstanding debt burden and the District's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place and to help make comparisons over time and with other governments.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Column Headings: The columns headed "Year" in this section refer to the District's fiscal year (July 1 to June 30). Certain data included in this section is only available on a calendar-year basis; and if calendar-year data is presented, it is disclosed in the notes to the specific statement or schedule included in this section.

Tax Levies, Rates, and Collections:

Personal property taxes, special assessments, special charges, and special taxes must be paid to the town, city or village treasurer in full by January 31. Municipalities also have the option of adopting payment plans which allow taxpayers to pay their real property taxes in installments, provided that the first installment is paid by January 31, one-half of the taxes are paid by April 30 and the remainder is paid by July 31. On or before January 15 and February 15 and on the 15th day of each month following a month in which an installment payment is due, the town, city or village treasurer settles with other taxing jurisdictions for all collections through the preceding month. On or before August 20, the county treasurer must settle in full with all the underlying taxing districts for all real property taxes and special taxes. Any county board may authorize its county treasurer to also settle in full with the underlying districts for all special assessments and special charges. The county may then recover any tax delinquencies by enforcing the lien on the property and retain any penalties or interest on the delinquencies for which it has settled. Since in practice all delinquent real estate taxes are withheld from the county's share of the taxes and all delinquent personal property taxes are withheld from the shares of taxes of the respective city, and towns, the District receives 100 percent of the taxes it levies.

Source: Wisconsin Department of Revenue

(1) The District is comprised of almost all three counties. Kenosha and Walworth counties are 100% in the District while Racine county is approximately 97% within the District. Therefore, the above total column will be greater than the actual total equalized value for the District.

(2) Due to varying assessment policies in the municipalities contained in the District, the District uses equalized value of taxable property for tax levy purposes. This equalized value of property approximates estimated actual (full) value of taxable property in the State of Wisconsin. The District equalized valuation is the equalized value of property, excluding tax incremental financing districts within the District.

Source: Survey of each governmental unit-June 2022. (Sanitary district number from R.W. Baird & Co. report.)

(1) Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses located in the District boundaries. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(2) The percentage of overlapping debt applicable to the District is the equalized property value of property of the overlapping government located in the District as a percentage of total equalized value of all property for the overlapping government.

(3) All towns are 100%, except the Town of Norway, which is 41.81% in the Gateway District.

(1) Student enrollment represents the unduplicated count of students enrolled in District courses. A student may be enrolled in more than one program, but is counted only once in the Unduplicated Total. Therefore, the Unduplicated Total column does not equal the sum of the individual programs.
WTCS Portal System Data (CLI620A)

(2) A full-time equivalent (FTE) is equal to 30 annual student credits based on a mathematical calculation which varies somewhat by program and which is subject to state approval and audit of student and course data. (CLI620A)

Additional Per Credit Fees

Material Fees

Fees for instructional materials consumed by students and instructors are required by s.38.24(1)(c), Wisconsin Statutes. These material fees are to be charged to all students on a uniform basis unless exempted by state statute, administrative code, or State Board action. There are 20 material fee categories ranging from \$3.50 per credit to \$70 per credit. Courses are assigned to one of the material fee categories based on the amount of instructional materials required for the course. The minimum fee that is to be charged for any non-exempt enrollment is \$4.50, regardless of the credit value.

Student Activity Fee

A supplemental fee is charged to all students enrolling in post-high school courses. This fee supports co-curricular activities including student government, student newspaper, multicultural and entertainment activities, student organizations and student clubs. The fee was set at 6.0% of program fees.

Notes:

- (1) Postsecondary/Vocational Adult program fees are established by the Wisconsin Technical College System Board.
- (2) Avocational fees are established by the Gateway District Board.
- (3) The total per credit cost requires adding the resident fee to out-of-state tuition. Out-of-state tuition excludes those students covered by reciprocal agreements. In FY 2010, the state budget bill reduced the out-of-state tuition rate to 150% of the program fee rate, effective with the Fall 2009 semester.
