II. ROLL CALL

Jesse Adams	
Ram Bhatia	
William Duncan	
Ronald J. Frederick	
Angie Haney	
Zaida Hernandez-Irisson	
Scott Pierce	
Roger Zacharias	
Pamela Zenner-Richards	
Bethany Ormseth	

Our Positive Core – Gateway Technical College District Board

Our shared strengths as a Board that we draw upon to do our work:

- Belief in the value of Gateway Technical College
- Commitment to our community
- Common sense of mission
- Mutual respect
- Sense of humor
- Open-mindedness & willingness to question

III. APPROVAL OF AGENDA Items on the Consent Agenda for discussion

IV. APPROVAL OF MINUTES A. March 19, 2020 – Regular Meeting

GATEWAY TECHNICAL COLLEGE DISTRICT BOARD Regular Meeting, March 19, 2020

The Gateway Technical College District Board met virtually on Thursday, March 19, 2020. The meeting was called to order at 8:00 a.m. by Bethany Ormseth, Chairperson.

I. Call to Order

- A. Open Meeting Compliance
- K. Bartlett confirmed the meeting was duly noticed in accordance with state statutes for open meeting compliance.

II. Roll Call

Jesse Adams	Present
Ram Bhatia	Present
William Duncan	Present
Ronald J. Frederick	Present
Angie Haney	Present
Zaida Hernandez-Irisson	Present
Scott Pierce	Present
Roger Zacharias	Present
Pamela Zenner-Richards	Excused
Bethany Ormseth	Present

Also in attendance were Bryan Albrecht, Kelly Bartlett, Mary Harpe and 38 citizens/reporters.

III. Approval of Agenda

A. It was moved by S. Pierce and seconded by R. Zacharias and carried to approve the agenda.

IV. Approval of Minutes

A. It was moved by W. Duncan, seconded Z. Hernandez-Irisson and carried to approve the minutes of the February 19, 2020 Regular Meeting.

V. Citizen Comments

There were no citizen comments.

VI. Chairperson's Report

A. Dashboard Report items included updates on:

Lease extension updates:

- RCEDC at the S C Johnson iMET Center
- Elkhorn Area School District WCEC Alternative High School at the Elkhorn Campus
- Dynamic Workforce Solutions Job Center at the Elkhorn Campus

New lease development:

- State of WI Department of Workforce Development Job
- Center at the Elkhorn Campus
- B. Board Evaluation Summary
 - 8 of 8 Attending Trustees Responded to the Survey: Good meeting. Student Trustee report was excellent. Good session. Exciting potential for Lincoln Building future usage! Committee of the Whole session and tour was very informative.

VII. President's Report

A. Announcements

- Bryan Albrecht thanked Beth Ormseth and the Board of Trustees for their accommodations for the virtual Board meeting this month due to Gateway campuses closing due to COVID-19.
- Bryan shared plans for Gateway's work and learning process and moving services online.
- Bryan thanked the ELC team, Vicki Hulback and Tom Cousino for helping to put together Gateway's pandemic plans. He also thanked all of Gateway for their efforts to move to online services.
- Gateway Foundation will help to support ECP through the next couple of weeks while they are closed.
- Bryan announced that Ram Bhatia and Pamela Zenner-Richards will be reappointed for another term as Trustees. Rebecca Matoska-Mentink will be appointed to a three year term as the elected official member from Kenosha County.

B. Campus Welcome

• Terry Simmons welcomed the Trustees to the first every Gateway virtual Board meeting. Terry announced that all on campus events have been cancelled for the next couple months including: Earth Day, in person Graphic Design Show, and the job fair.

VIII. Student Trustee Report

A. Angie Haney gave a detailed report on events that have taken place over the past month including: Campus Ambassador Awards, Fat Tuesday, APCA in Orlando, Florida, Pizza with the President and Provost, European History Month, Women's History Month, and USG Nominations.

Jesse Adams excused himself from the meeting at 8:30 am

IX. Operational Agenda

A. Action Agenda

1. Resolution No. F-2019-2020E.2 – Resolution Awarding the Sale of \$1,500,000 General Obligation Promissory Notes, Series 2019-2020E

The administration is recommending Board approval of a resolution establishing parameters for the sale of not to exceed \$1,500,000 General Obligation Promissory Notes, Series 2019-2020E for the public purpose of financing building remodeling and improvement projects.

Following discussion, it was moved by S. Pierce, seconded by R. Zacharias and carried by roll call vote to approve Resolution No. F-2019-2020E.2 – Resolution Awarding the Sale of \$1,500,000 General Obligation Promissory Notes, Series 2019-2020E

Aye: 7 Nay: 0

Abstaining: 0 Absent: 2

B. Consent Agenda

It was moved by R. Zacharias, seconded by R. Bhatia and carried that the following items in the consent agenda be approved:

1. Finance

- a) **Summary of Revenue and Expenditures:** Approved the summary of revenue and expenditures as of February 29, 2020.
- b) **Cash and Investment Schedules:** Approved the monthly cash reconciliation, investment schedule and investment report.
- 2. **Personnel Report:** Approved the personnel report of one (1) new hire; one (1) promotion; one (1) transfer; two (2) reclassifications; two (2) retirements; no employment approvals-casual, non-instructional; and no employment approvals-adjunct faculty.

- 3. **Grants Awards:** Approved the grant awards for March 2020.
- 4. **Contracts for Instructional Delivery:** Approved the contracts for instructional delivery report for February 2020.
- 5. **Advisory Committee Activity Report:** Approved the advisory committee 2019-2020 meeting schedule and new members as of March 1, 2020
- 6. **Bids for Approval:** Approved the following bids: Bid No. 1595 Academic Building 2nd Floor Remodel, Area D, Office and Classroom, Remodel Kenosha Campus

X. Policy Governance Monitoring Reports

A. Ends Statement Monitoring

1. College Ends Policy – The tri-county community benefits from affordable higher education that allows residents to develop knowledge and skills for family-supporting careers that contribute to the growth and sustainability of the local economy at a cost commensurate with the value of services provided. 3) Taxpayers receive a positive return on investment from Gateway's Impact on local tax base, property values, and overall economic development as well as the contributions of graduates to the tri-county community.

Tom Cousino, Zina Haywood, and Stephanie Sklba led a presentation on facility, work and instruction changes due to COVID-19.

Following discussion, it was moved by R. Zacharias, seconded by S. Pierce and carried that this report is evidence that the college is making progress on Ends Policy #3.

2. Policy Governance Review – Ends Policy, Statement #3

Following discussion, it was moved by R. Bhatia, seconded by W. Duncan and carried to approve the wording of Ends Policy, Statement #3.

B. Executive Limitations

1. 3.4 FY 2020-21 Budget/Forecasting

Bill Whyte presented on 3.4 FY 2020-21 Budget/Forecasting.

Following the discussion, it was moved by S. Pierce, seconded by R. Zacharias and carried to approve 3.4 FY 2020-21 Budget/Forecasting.

2. 3.8 Partnerships/Grants/Contracts

Anne Whynott presented on 3.8 Partnerships/Grants/Contracts.

Following the discussion, it was moved by R. Zacharias, seconded by W. Duncan and carried to approve 3.8 Partnerships/Grants/Contracts.

3. Policy Governance Review – 3.8 Partnerships/Grants/Contracts

Following discussion, it was moved by R. Zacharias, seconded by W. Duncan and carried to approve the wording of Policy Governance, 3.8 Partnerships/Grants/Contracts.

XI. Board Member Community Reports

- Zaida Hernandez-Irisson attended a Women in Manufacturing event.
- Bill Duncan will be nominated to fill a one year term with District Boards. The Trustees showed their support of this nomination.

XII. Next Meeting Date and Adjourn

- A. Regular Meeting Tuesday, April 21, 2020, 8:00 am, Virtual Meeting
- B. At approximately 9:38 a.m. it was moved by S. Pierce, seconded by R. Zacharias and carried by roll call vote that the meeting was adjourned and the District Board move to executive session pursuant to Wisconsin Statutes 19.85(1)(c) to discuss personnel issues. The Board reserves the right to reconvene in open session to take action on items discussed in executive session.

Aye: 7 Nay: 0

Abstaining: 0
Absent: 2

XIII. Executive Session

The Board did not reconvene in open session.

Submitted by,

Pamela Zenner-Richards Secretary

V. CITIZEN COMMENTS

The Gateway Technical College District Board has established a limit of thirty minutes for citizen comments. Individuals will be limited to three to five minutes for their comments depending on the number of individuals who wish to address the Board. Citizens wishing to address the Board are to sign up prior to the meeting on the forms provided at the entrance to the meeting room.

FY 2019-2020 BUDGET REVISION #2

Summary of Item:

The FY 2019-20 budget requires revisions in the Special Revenue – Non-Aidable, Capital, and Enterprise Funds. The revision in the Special Revenue – Non-Aidable and Capital Funds will reflect an adjustment for the transfer of funds from the Special Revenue – Non-Aidable to the Capital Fund to cover costs related to the walking paths. The adjustment to the Enterprise Fund will reflect and adjustment for additional needs for student materials that are funded by fees paid by students (barbering kits, tool kits, etc.)

Budget Modification SPECIAL REVENUE – NON AIDABLE FUND The adjustment in the Special Revenue – Non-Aidable Fund will reflect a transfer to the	Resources Transfer from Reserves	Increase \$	<u>e/(Decrease)</u> 291,932

Resolution No. F-2019-2020F.1

RESOLUTION AUTHORIZING THE ISSUANCE OF \$1,500,000 GENERAL OBLIGATION PROMISSORY NOTES, SERIES 2019-2020F, OF GATEWAY TECHNICAL COLLEGE DISTRICT, WISCONSIN

WHEREAS, Gateway Technical College District, Wisconsin (the "District") is presently in need of \$1,500,000 for the public purpose of financing building remodeling and improvement projects; and

WHEREAS, the District Board deems it necessary and in the best interest of the District to borrow the monies needed for such purpose through the issuance of general obligation promissory notes pursuant to the provisions of Section 67.12(12), Wis. Stats.;

NOW, THEREFORE, BE IT:

RESOLVED, that the District shall issue general obligation promissory notes in the amount of \$1,500,000 for the public purpose of financing building remodeling and improvement projects; and be it further

RESOLVED, THAT:

<u>Section 1. Note Authorization</u>. The District shall issue the general obligation promissory notes authorized above in the aggregate principal amount of \$1,500,000 and designated "General Obligation Promissory Notes, Series 2019-2020F" (the "Notes"), the proceeds of which shall be used for the purpose specified above.

Section 2. Notice to Electors. The District Secretary shall, within ten (10) days hereafter, cause public notice of the adoption of this resolution to be given to the electors of the District by publishing notices thereof in the Elkhorn Independent, Kenosha News and Journal Times, the official District newspapers published and having general circulation in the District, which newspapers are found and determined to be likely to give notice to the electors, such notice to be in substantially the form set forth on Exhibit A hereto.

Section 3. Official Statement. The District Secretary shall cause an Official Statement to be prepared by Robert W. Baird & Co. Incorporated. The appropriate District officials shall determine when the Official Statement is final for purposes of Securities and Exchange Commission Rule 15c2-12 and shall certify said Statement, such certification to constitute full authorization of such Official Statement under this resolution.

Adopted this 21st day of April, 2020.

EXHIBIT A

NOTICE

TO THE ELECTORS OF:

Gateway Technical College District, Wisconsin

NOTICE IS HEREBY GIVEN that the District Board of the above-named District, at a meeting duly called and held on April 21, 2020, adopted pursuant to the provisions of Section 67.12(12) of the Wisconsin Statutes, a resolution providing that the sum of \$1,500,000 be borrowed through the issuance of general obligation promissory notes of the District for the public purpose of financing building remodeling and improvement projects.

A copy of said resolution is on file in the District Office, 3520 30th Avenue, Kenosha, Wisconsin, and is available for public inspection weekdays, except holidays, between the hours of 8:00 A.M. and 4:00 P.M.

The District Board need not submit said resolution to the electors for approval unless within 30 days after the publication of this Notice there is filed with the Secretary of the District Board a petition meeting the standards set forth in Sec. 67.12(12)(e)5, Wis. Stats., requesting a referendum thereon at a special election.

Dated April 21, 2020.

Date

This Lake Building first floor office remodel is necessitated by the college's need to develop a Health Sciences Center on the Racine campus to meet the needs of our community. After reviewing all possible options, the college has decided that the best option to build a Health Science Center is to expand and remodel the Lincoln Building. The Lincoln Building currently houses faculty and staff, along with the employee health clinic.

The current infrastructure of the Lincoln Building does not allow for adequate program development space in that building. The core of the Lincoln Building consists of an elevator and two stairs, surrounded by a corridor. The distance from the corridor, to the exterior of the building, is only fifteen feet. These fifteen feet are not sufficient to allow for program development. This proposed office remodel of the Lake Building allows the college to move the current Lincoln Building staff into new permanent offices on the Lake Building first floor.

The college's plan to build a Health Sciences Center in the Lincoln Building is community driven. Gateway's Associate Degree Nursing program has long been respected by area healthcare employers as a source of high-quality registered nurses. Graduates pass the NCLEX licensure exam at a high rate (92% passed on first attempt in 2019), and they find employment quickly (98.8% employed in their field in the 2018 Graduate Outcomes report). The program currently operates at two locations within Gateway's three county district. The Kenosha Campus location, which enrolls 120 students annually, serves the eastern part of the district along Lake Michigan. The Burlington Center location, which enrolls 40 students annually, serves the western portion of the district. These two program locations are at capacity based on available clinical placements. However, the economic landscape of southeastern Wisconsin is shifting dramatically and it is apparent that Gateway's current nursing program will not be able to meet future student or employer demand. The Kenosha Inspire Center has 2 nursing skills labs and three simulation rooms. The Burlington Center has one nursing skill slab space and 3 simulation rooms.

Led by the Foxconn development that is currently under construction in Mount Pleasant, southeastern Wisconsin is experiencing an economic boom that is drastically shifting the region's economic landscape. The influx of new manufacturing and retail businesses is significant and it is expected that the area's population will continue to grow in response to the strong job market. With the increase in population comes a corresponding increase in the need for human services. The major healthcare employers in the region have all announced plans to expand to meet this need: Advocate Aurora Health is constructing a \$250 million hospital in Mount Pleasant, adjacent to the City of Racine, that is expected to open in 2021. The hospital will be the health system's first in Racine County. The hospital will employ roughly 100 physicians and clinicians. (Source: Milwaukee Journal Sentinel, May 24, 2018). Ascension Wisconsin announced plans to build a \$42 million Ambulatory Surgery Center in Mount Pleasant. The center will include primary and specialty care, and imaging center, urgent care services, rehabilitation, occupational health and an ambulatory surgery center. Ascension plans to hire 100 new full-time and part-time employees for the center. The medical center is the first of several project announcements made. In total, the company plans to invest more than \$100 million in the greater Racine area over the next three years. (Source: Racine Journal Times, August 8, 2018)

Froedert South announced in October 2018 that is would also be opening a new medical complex in Mount Pleasant. The initial plan is for a two-story hospital with the option to expand to a four-story hospital as demand dictates. The facility would provide general acute care and surgical services, primary care, and a trauma center. Froedert South President and CEO Ric Schmidt commented, "The Racine area is exploding. I think it is an exciting time for health care and all businesses." (Source: Racine Journal Times, October 5, 2018).

All of the above facilities will be located within a few miles of each other near the intersection of Highway 20 and Interstate 94 in Mount Pleasant. These facilities will have the capacity to provide additional clinical spots for Gateway students, making it necessary for the college to expand the Nursing program.

Even without taking the above expansions into account, Gateway had been considering a program expansion as labor market data shows a strong need for this Core Industry in the Gateway District: Registered Nurses are ranked 8th on the WTCS Outcomes Based Funding Top 50 High Demand Fields list.

According to the Wisconsin Department of Workforce Development Wisconomy website, 161 annual job openings are projected for registered nurses in the Gateway District between 2016 and 2026. This data does not take into account additional positions that will be created at the new facilities described above.

Emsi job posting data indicates that job posting activity in the Gateway District is higher than the national average, with 459 employers posting 5,434 unique job postings for nurses during 2019. Additionally, according to The Nursing Workforce: Achieving Impact with Data report from the Wisconsin Center for Nursing (2016):

- Vacancy rates of RNs working in hospitals have been consistently increasing, with a nearly 50% increase from 2012 to 2015 (3.4% to 6.2%).
- 58% of the RN workforce expressed an intent to leave their positions in the next 10 years.
- Future demand will outpace supply of nurses in Wisconsin--the nursing workforce gap is expected to be 6% by 2025 with an increase to 35% by 2040.

The following is information on the active students in ADN program 2,268

- 565 live in Racine
- Students Active in Nursing Courses
 - Spring 2018 #253
 - Spring 2019 # 346
 - Spring 2020 # 408

Kenosha Inspire Center is open 7:00am to 10:00pm

Simulation

- 2017 to present 1,000 simulation experiences
 - 550 in Kenosha Inspire Center
 - 450 in Burlington Center
 - 450 hours of EMS training in Simulation

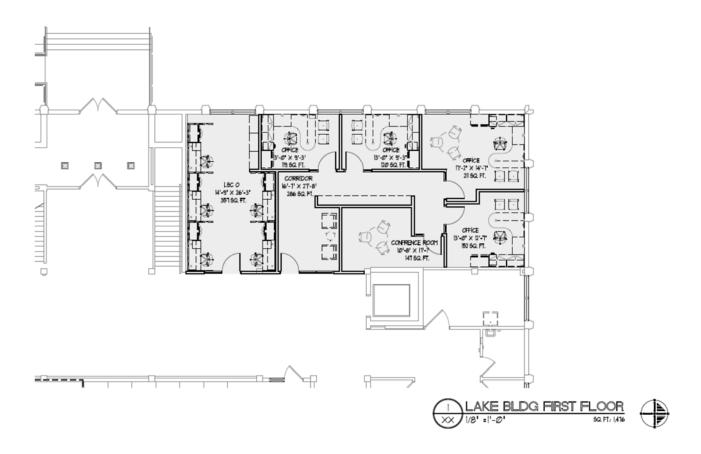

Skills

- 2017 to present 46,500 student contact hours
- 2019 10,000 student contact hours

The Nursing Sciences Center would admit 24 nursing students per semester and would be a three semester program. Along with allowing more students in the program and providing more nurses in the workforce, it would also provide more open skills lab practice time, which is currently very limited due to the number of students we have in our program.

As stated above, in order to build the Health Sciences Center to meet the needs of the community, we need to move the current occupants out of the Lincoln Building. The proposed office remodel of the Lake Building allows the college to move current Lincoln Building staff into new permanent offices on the Lake Building first floor.

As electronic version of the following proposed floor plan for the new Lake Building first floor offices is included in the email submittal of this request for approval.

The proposed Lake Building first floor office remodel includes a 211 sq. ft. office for the Racine Campus Dean of Campus Affairs, a 152 sq. ft. office for the Campus Affairs Associate along with storage space, a 120 sq. ft. office and a 119 sq. ft. office for Divisional Dean Associates, a

357 sq. ft. office for Learning Success Center staff, and a 147 sq. ft. conference room. A 286 sq. ft. corridor is included in the project.

Energy costs are expected to decrease due to energy efficient lighting improvements and hvac improvements. No increased instructional, administrative, or maintenance costs are expected. No increase in capital equipment costs are expected.

The space is currently served by (2) VAV boxes and perimeter baseboard. The VAV boxes would be removed and (6) new boxes would be provided. Existing baseboard would also be removed, and new baseboard would be provided and zoned per the new layout.

All hot water piping shall be welded schedule 40 steel and insulated with mineral fiber insulation. All new hot water heating coils (VAV/FP, baseboard, cabinet heaters, etc.) will be sized for 140°F entering water temperature.

All new HVAC components will be provided with new Trane direct digital controls (DDC), integrated into the existing Trane building automation system (BAS) currently on campus. The new lighting controls will also integrate into the new HVAC control system.

All existing power, lighting, and low voltage systems will be completely removed and provided with new throughout per current Gateway standards. The existing floor boxes would be removed. Existing circuits will be reused, and any additional circuits will be pulled from the available circuits in the electrical panels located in the mechanical room on the same floor.

All new lighting will be LED light fixtures primarily consisting of 2x2 and 2x4 Lithonia lay-in grid commercial light fixtures with some architectural pendant fixtures located in open structure areas. New Exit and Emergency Egress lighting will be provided.

Control of lighting will be Acuity brand nLight system specifications controls. These controls will consist of dimming switches, occupancy/vacancy sensors, and daylight sensors. All components from the Acuity brand nLight control system will be provide with components to tie into the building automation system. Coordination with mechanical controls will be required to achieve this. These components would include but, not be limited to the nLight eclipse, gateway, and bridge. The lighting power density will be designed to meet or exceed LEED standards for the project. Design will attempt to meet a power density of .7W/SF. All lighting will be at 277 Volt. Emergency circuits shall be powered from buildings existing emergency power system.

No plumbing scope is planned with this project.

All of the funds will come from the proposed sale of bonds or notes. The District engages the services of bond counsel to provide a statement of statutory compliance.

The estimated project cost follows.

This proposed Technical Building office remodel is necessitated by the college's need to develop a Health Sciences Center on the Racine campus to meet the needs of our community. After reviewing all possible options, the college has decided that the best option to build a Health Science Center is to expand and remodel the Lincoln Building. The Lincoln Building currently houses faculty and staff along with the employee health clinic.

The current infrastructure of the Lincoln Building does not allow for adequate program development in that building. The core of the Lincoln Building consists of an elevator and two stairs, surrounded by a corridor. The distance from the corridor, to the exterior of the building, is only fifteen feet. These fifteen feet are not sufficient to allow for program development. This proposed Technical Building office remodel allows the college to move current Lincoln Building staff into new permanent offices on the Technical Building second floor.

The college's plan to build a Health Sciences Center in the Lincoln Building is community driven. Gateway's Associate Degree Nursing program has long been respected by area healthcare employers as a source of high-quality registered nurses. Graduates pass the NCLEX licensure exam at a high rate (92% passed on first attempt in 2019), and they find employment quickly (98.8% employed in their field in the 2018 Graduate Outcomes report). The program currently operates at two locations within Gateway's three county district. The Kenosha Campus location, which enrolls 120 students annually, serves the eastern part of the district along Lake Michigan. The Burlington Center location, which enrolls 40 students annually, serves the western portion of the district. These two program locations are at capacity based on available clinical placements. However, the economic landscape of southeastern Wisconsin is shifting dramatically and it is apparent that Gateway's current nursing program will not be able to meet future student or employer demand. The Kenosha Inspire Center has 2 nursing skills labs and three simulation rooms. The Burlington Center has one nursing skill slab space and 3 simulation rooms.

Led by the Foxconn development that is currently under construction in Mount Pleasant, southeastern Wisconsin is experiencing an economic boom that is drastically shifting the region's economic landscape. The influx of new manufacturing and retail businesses is significant and it is expected that the area's population will continue to grow in response to the strong job market. With the increase in population comes a corresponding increase in the need for human services. The major healthcare employers in the region have all announced plans to expand to meet this need: Advocate Aurora Health is constructing a \$250 million hospital in Mount Pleasant, adjacent to the City of Racine, that is expected to open in 2021. The hospital will be the health system's first in Racine County. The hospital will employ roughly 100 physicians and clinicians. (Source: Milwaukee Journal Sentinel, May 24, 2018). Ascension Wisconsin announced plans to build a \$42 million Ambulatory Surgery Center in Mount Pleasant. The center will include primary and specialty care, and imaging center, urgent care services, rehabilitation, occupational health and an ambulatory surgery center. Ascension plans to hire 100 new full-time and part-time employees for the center. The medical center is the first of several project announcements made. In total, the company plans to invest more than \$100 million in the greater Racine area over the next three years. (Source: Racine Journal Times, August 8, 2018)

Froedert South announced in October 2018 that is would also be opening a new medical complex in Mount Pleasant. The initial plan is for a two-story hospital with the option to expand to a four-story hospital as demand dictates. The facility would provide general acute care and surgical services, primary care, and a trauma center. Froedert South President and CEO Ric Schmidt commented, "The Racine area is exploding. I think it is an exciting time for health care and all businesses." (Source: Racine Journal Times, October 5, 2018).

All of the above facilities will be located within a few miles of each other near the intersection of Highway 20 and Interstate 94 in Mount Pleasant. These facilities will have the capacity to provide additional clinical spots for Gateway students, making it necessary for the college to expand the Nursing program.

Even without taking the above expansions into account, Gateway had been considering a program expansion as labor market data shows a strong need for this Core Industry in the Gateway District: Registered Nurses are ranked 8th on the WTCS Outcomes Based Funding Top 50 High Demand Fields list.

According to the Wisconsin Department of Workforce Development Wisconomy website, 161 annual job openings are projected for registered nurses in the Gateway District between 2016 and 2026. This data does not take into account additional positions that will be created at the new facilities described above.

Emsi job posting data indicates that job posting activity in the Gateway District is higher than the national average, with 459 employers posting 5,434 unique job postings for nurses during 2019. Additionally, according to The Nursing Workforce: Achieving Impact with Data report from the Wisconsin Center for Nursing (2016):

- Vacancy rates of RNs working in hospitals have been consistently increasing, with a nearly 50% increase from 2012 to 2015 (3.4% to 6.2%).
- 58% of the RN workforce expressed an intent to leave their positions in the next 10 years.
- Future demand will outpace supply of nurses in Wisconsin--the nursing workforce gap is expected to be 6% by 2025 with an increase to 35% by 2040.

The following is information on the active students in ADN program 2,268

- 565 live in Racine
- Students Active in Nursing Courses
 - Spring 2018 #253
 - Spring 2019 # 346
 - Spring 2020 # 408

Kenosha Inspire Center is open 7:00am to 10:00pm

Simulation - 2017 to present 1,000 simulation experiences

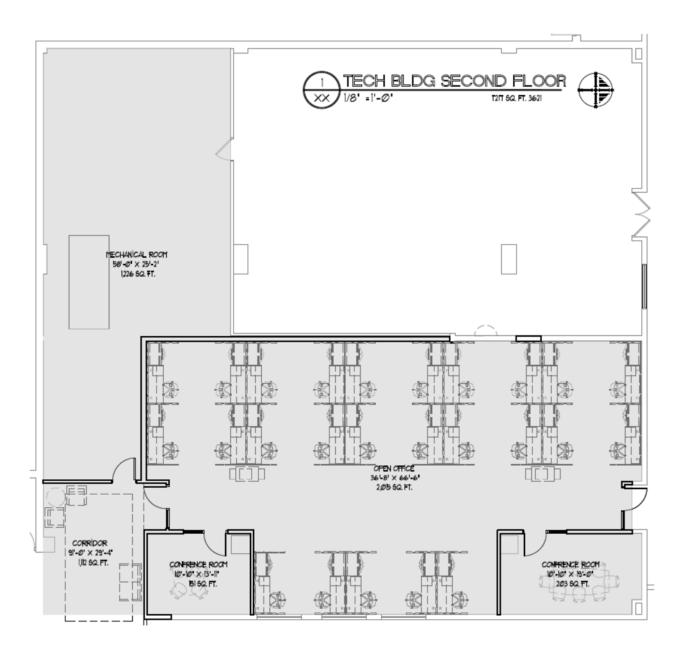

- 550 in Kenosha Inspire Center
- 450 in Burlington Center
- 450 hours of EMS training in Simulation

Skills - 2017 to present 46,500 student contact hours and 2019 10,000 student contact hours

The Lincoln Building Nursing Sciences Center would admit 24 nursing students per semester and would be a three semester program. Along with allowing more students in the program and providing more nurses in the workforce, it would also provide more open skills lab practice time, which is currently very limited due to the number of students we have in our program.

As stated above, in order to build the Health Sciences Center to meet the needs of the community, we need to move the current occupants out of the Lincoln Building. The proposed Technical Building office remodel allows the college to move current Lincoln Building staff into new permanent space on the Technical Building second floor.

As electronic version of the following proposed floor plan for the new Technical Building office remodel is included in the email submittal of this request for approval.

The proposed remodel includes a 2,015 sq. ft. open office space for 25 instructors, two conference rooms of 203 sq. ft. and 151 sq. ft., a 1,112 corridor along the entire eastern length of the open office that includes a student waiting area, and a mechanical room of 1,226 sq. ft.

The space is currently served by a single zone AHU that also serves the adjacent space. The existing AHU will be removed and a new 7,000 CFM VAV AHU will be provided. The new unit will be located in approximately the same location as the current unit.

The unit will be a modular VAV unit with HW & CHW coils, plenum fan section, energy recovery wheel, economizer, and filter section. There will be approximately (6) new VAV/FP zones. (4) zones will serve the new office space and (2) zones will serve the adjacent space currently served by the existing AHU. Each zone will be provided with combination temperature / humidity / CO2 sensor. The system will integrate into Acuity lighting controls and shall utilize lighting occupancy sensors. Return will be via a ducted return system.

All hot water piping shall be welded schedule 40 steel and insulated with mineral fiber insulation. All new hot water heating coils (VAV/FP, baseboard, cabinet heaters, etc.) will be sized for 140°F entering water temperature.

All new HVAC components will be provided with new Trane direct digital controls (DDC) and integrated into the existing Trane building automation system (BAS) currently on campus. The new lighting controls shall also integrate into the new HVAC control system.

All existing power, lighting, and low voltage systems will be completely removed and provided with new throughout per current Gateway standards. Two existing panels in the proposed conference room space will be removed and new panels will be located in the new mechanical room to pick up circuits.

All new lighting will be LED light fixtures primarily consisting of 2x2 and 2x4 Lithonia lay-in grid commercial light fixtures with some architectural pendant fixtures located in open structure areas. New Exit and Emergency Egress lighting will be provided.

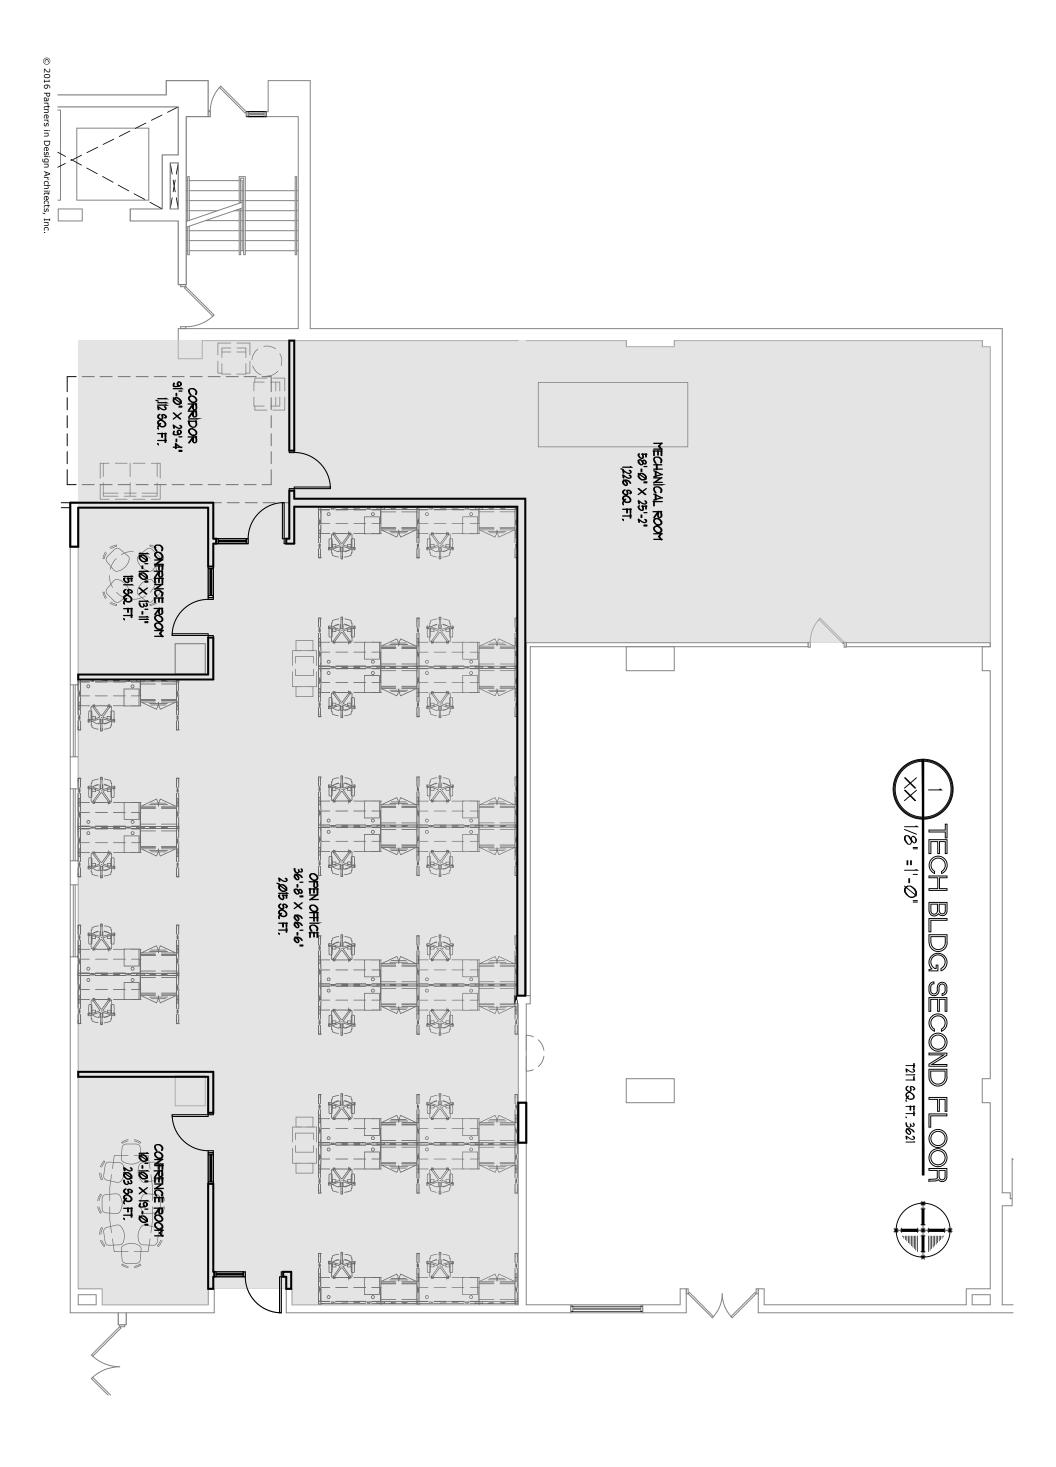

Control of lighting will be Acuity brand nLight system specifications controls. These controls will consist of dimming switches, occupancy/vacancy sensors, and daylight sensors. All components from the Acuity brand nLight control system will be provide with components to tie into the building automation system. Coordination with mechanical controls will be required to achieve this. These components would include but, not be limited to the nLight eclipse, gateway, and bridge. The lighting power density will be designed to meet or exceed LEED standards for the project. Design will attempt to meet a power density of .7W/SF. All lighting will be at 277 Volt. Emergency circuits shall be powered from buildings existing emergency power system.

The existing sink will be removed, and existing piping will be capped within the existing wall. No additional plumbing scope is anticipated.

All of the funds will come from the proposed sale of bonds or notes. The District engages the services of bond counsel to provide a statement of statutory compliance.

The estimated project cost follows.

The following resolution will be forwarded pursuant to the Gateway Technical College Board of Trustees meeting on April 21, 2020.

GATEWAY TECHNICAL COLLEGE

RESOLUTION NO. B-2020 D.2

WHEREAS, pursuant to 5.04(2)(a) of the Wisconsin Administrative Code, the Gateway Technical College District Board has approved the project for the Racine Campus Racine Building Health Clinic and Office Remodel which consists of remodeling 1,921 square feet to accommodate growth and enhance the student experience with a project cost estimate of \$535,000.

NOW, THEREFORE, BE IT RESOLVED that pursuant to 5.04(2)(b) of the Wisconsin Administrative Code, the Gateway Technical College District Board requests the Wisconsin Technical College System Board approve the project.

Bethany Ormseth Chairperson

Pamela Zenner-Richards Secretary

This proposed Racine Building first floor health clinic and office remodel is necessitated by the college's need to develop a Health Sciences Center on the Racine campus to meet the needs of our community. After reviewing all possible options, the college has decided that the best option to build a Health Science Center is to expand and remodel the Lincoln Building. The Lincoln Building currently houses faculty and staff along with the employee health clinic.

The current infrastructure of the Lincoln Building does not allow for adequate program development in that building. The core of the Lincoln Building consists of an elevator and two stairs, surrounded by a corridor. The distance from the corridor, to the exterior of the building, is only fifteen feet. These fifteen feet are not sufficient to allow for program development. This proposed health clinic and office remodel of the Racine Building allows the college to move current Lincoln Building staff and the health clinic into space on the Racine Building first floor.

The college's plan to build a Health Sciences Center in the Lincoln Building is community driven. Gateway's Associate Degree Nursing program has long been respected by area healthcare employers as a source of high-quality registered nurses. Graduates pass the NCLEX licensure exam at a high rate (92% passed on first attempt in 2019), and they find employment quickly (98.8% employed in their field in the 2018 Graduate Outcomes report). The program currently operates at two locations within Gateway's three county district. The Kenosha Campus location, which enrolls 120 students annually, serves the eastern part of the district along Lake Michigan. The Burlington Center location, which enrolls 40 students annually, serves the western portion of the district. These two program locations are at capacity based on available clinical placements. However, the economic landscape of southeastern Wisconsin is shifting dramatically and it is apparent that Gateway's current nursing program will not be able to meet future student or employer demand. The Kenosha Inspire Center has 2 nursing skills labs and three simulation rooms. The Burlington Center has one nursing skill slab space and 3 simulation rooms.

Led by the Foxconn development that is currently under construction in Mount Pleasant, southeastern Wisconsin is experiencing an economic boom that is drastically shifting the region's economic landscape. The influx of new manufacturing and retail businesses is significant and it is expected that the area's population will continue to grow in response to the strong job market. With the increase in population comes a corresponding increase in the need for human services. The major healthcare employers in the region have all announced plans to expand to meet this need: Advocate Aurora Health is constructing a \$250 million hospital in Mount Pleasant, adjacent to the City of Racine, that is expected to open in 2021. The hospital will be the health system's first in Racine County. The hospital will employ roughly 100 physicians and clinicians. (Source: Milwaukee Journal Sentinel, May 24, 2018). Ascension Wisconsin announced plans to build a \$42 million Ambulatory Surgery Center in Mount Pleasant. The center will include primary and specialty care, and imaging center, urgent care services, rehabilitation, occupational health and an ambulatory surgery center. Ascension plans to hire 100 new full-time and part-time employees for the center. The medical center is the first of several project announcements made. In total, the company plans to invest more than \$100 million in the greater Racine area over the next three years. (Source: Racine Journal Times, August 8, 2018)

Froedert South announced in October 2018 that is would also be opening a new medical complex in Mount Pleasant. The initial plan is for a two-story hospital with the option to expand to a four-story hospital as demand dictates. The facility would provide general acute care and

surgical services, primary care, and a trauma center. Froedert South President and CEO Ric Schmidt commented, "The Racine area is exploding. I think it is an exciting time for health care and all businesses." (Source: Racine Journal Times, October 5, 2018).

All of the above facilities will be located within a few miles of each other near the intersection of Highway 20 and Interstate 94 in Mount Pleasant. These facilities will have the capacity to provide additional clinical spots for Gateway students, making it necessary for the college to expand the Nursing program.

Even without taking the above expansions into account, Gateway had been considering a program expansion as labor market data shows a strong need for this Core Industry in the Gateway District: Registered Nurses are ranked 8th on the WTCS Outcomes Based Funding Top 50 High Demand Fields list.

According to the Wisconsin Department of Workforce Development Wisconomy website, 161 annual job openings are projected for registered nurses in the Gateway District between 2016 and 2026. This data does not take into account additional positions that will be created at the new facilities described above.

Emsi job posting data indicates that job posting activity in the Gateway District is higher than the national average, with 459 employers posting 5,434 unique job postings for nurses during 2019. Additionally, according to The Nursing Workforce: Achieving Impact with Data report from the Wisconsin Center for Nursing (2016):

- Vacancy rates of RNs working in hospitals have been consistently increasing, with a nearly 50% increase from 2012 to 2015 (3.4% to 6.2%).
- 58% of the RN workforce expressed an intent to leave their positions in the next 10 years.
- Future demand will outpace supply of nurses in Wisconsin--the nursing workforce gap is expected to be 6% by 2025 with an increase to 35% by 2040.

The following is information on the active students in ADN program 2,268

- 565 live in Racine
- Students Active in Nursing Courses
 - Spring 2018 #253
 - Spring 2019 # 346
 - Spring 2020 # 408

Kenosha Inspire Center is open 7:00am to 10:00pm

Simulation - 2017 to present 1,000 simulation experiences

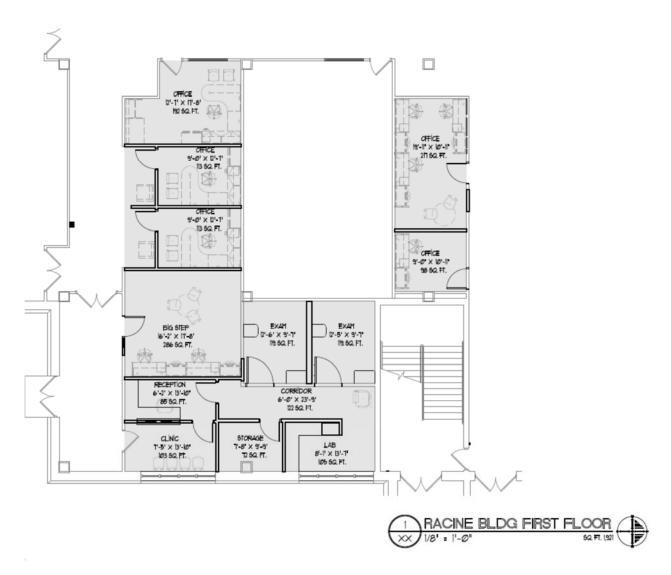

- 550 in Kenosha Inspire Center
- 450 in Burlington Center
- 450 hours of EMS training in Simulation

Skills - 2017 to present 46,500 student contact hours and 2019 10,000 student contact hours

The Lincoln Building Nursing Sciences Center would admit 24 nursing students per semester and would be a three semester program. Along with allowing more students in the program and providing more nurses in the workforce, it would also provide more open skills lab practice time, which is currently very limited due to the number of students we have in our program.

As stated above, in order to build the Health Sciences Center to meet the needs of the community, we need to move the current occupants out of the Lincoln Building. The proposed health clinic and office remodel of the Racine Building allows the college to move current Lincoln Building staff and the employee health clinic into space on the Racine Building first floor.

As electronic version of the following proposed floor plan for the new Racine Building first floor health clinic and offices is included in the email submittal of this request for approval.

The proposed remodel on the Racine Building first floor includes six offices of 286 sq. ft., 217 sq. ft., 192 sq. ft., 113 sq. ft., 113 sq. ft., and 98 sq. ft. respectively. The employee health clinic includes an entrance area of 103 sq. ft., a reception area of 85 sq. ft., two exam rooms of 119 sq. ft. each, a lab of 105 sq. ft., a storage room of 72 sq. ft., and a corridor of 122 sq. ft.

Energy costs are expected to decrease due to energy efficient lighting improvements and hvac improvements. No increased instructional, administrative, or maintenance costs are expected. No increase in capital equipment costs are expected.

The space is currently served by five VAV boxes and perimeter baseboard. Three of the VAV boxes with hot water reheats will be reused and three new boxes will be provided. Existing baseboard would also be removed, and new baseboard would be provided and zoned per the new layout. A new inline cabinet exhaust fan will be provided for health clinic space. Exhaust will tie into existing exhaust duct in adjacent corridor.

All hot water piping shall be welded schedule 40 steel and insulated with mineral fiber insulation. All new hot water heating coils (VAV/FP, baseboard, cabinet heaters, etc.) will be sized for 140°F entering water temperature.

All new HVAC components will be provided with new Trane direct digital controls (DDC), integrated into the existing Trane building automation system (BAS) currently on campus. The new lighting controls will also integrate into the new HVAC control system.

All existing power, lighting, and low voltage systems will be completely removed and provided with new throughout per current Gateway standards. Existing circuits will be reused, and any additional circuits will be pulled from the available circuits in the electrical panels located in the mechanical room on the same floor.

All new lighting will be LED light fixtures, primarily consisting of 2x2 and 2x4 Lithonia lay-in grid commercial light fixtures with some architectural pendant fixtures located in open structure areas. New Exit and Emergency Egress lighting will be provided.

Control of lighting will be Acuity brand nLight system specifications controls. These controls will consist of dimming switches, occupancy/vacancy sensors, and daylight sensors. All components from the Acuity brand nLight control system will be provide with components to tie into the building automation system. Coordination with mechanical controls will be required to achieve this. These components would include, but not be limited to, the nLight eclipse, gateway, and bridge. The lighting power density will be designed to meet or exceed LEED standards for the project. Design will attempt to meet a power density of .7W/SF. All lighting will be at 277 Volt. Emergency circuits shall be powered from the buildings existing emergency power system.

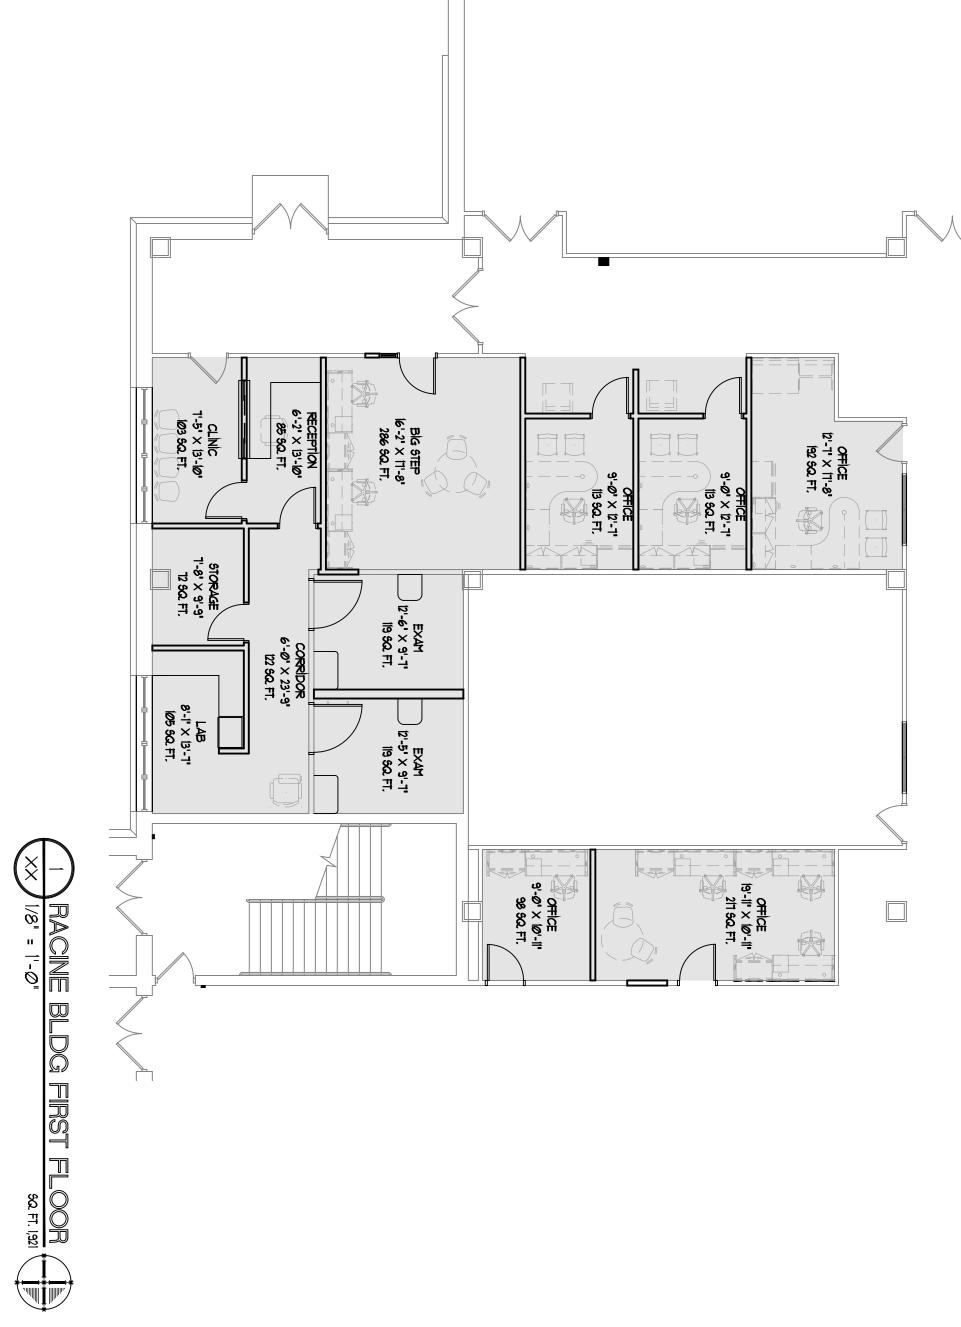

New plumbing will be provided for new fixtures in the health clinic. Sanitary will connect to the existing floor cleanout located just outside the health clinic. Domestic cold water and hot water will be via the existing water piping currently located in the adjacent corridor.

All new domestic water piping will be Type L copper with sweat fittings and insulated with 1" thick fiberglass with canvas jacket. All new sanitary rough-ins consist of waste piping connecting to existing underground sanitary. Cleanouts will be provided, more than what is required by code, to ensure piping can be easily cleared in the event of a clogged pipe.

All of the funds will come from the proposed sale of bonds or notes. The District engages the services of bond counsel to provide a statement of statutory compliance.

The estimated project cost follows.

Masonry Repair project, Elkhorn Campus

Administration is recommending the contract to provide all labor and

materials required for this project be awarded to:

Camosy Construction

Kenosha, WI

Total Project Cost: \$122,664

Funding Source: G O Promissory Notes Series 2019-2020B

Attachments: Letter of Recommendation for Award of Bid and Tabulation of Bids from

Partners In Design Architects

Ends Statements and/or Executive

Limitations: Section 3 – Executive Limitations,

Policy 3.5, Financial Condition

Staff Liaison: Tom Cousino Top942.docx or .pdf 04/07/20

April 6, 2020

Mr. Thomas Cousino Gateway Technical College 3520 30th Avenue Kenosha, Wisconsin 53140

RE: Elkhorn Campus

Vet Tech Masonry Repairs Offical Notice No. 1598

Dear Mr. Cousino:

On Thursday, March 26th, via video conference, we received subcontractor bids for the Vet Tech Masonry Repair project. In addition to yourself, John Thielen and Vicki Christensen were in attendance on behalf of Gateway Technical College. Bob Nikolai and Tyler Thiel were in attendance on behalf of Camosy Construction and I was in attendance on behalf of Partners In Design Architects for the receipt of bids.

The Elkhorn Campus Vet Tech Masonry Repair project consisted of a single bid package. After reviewing the bids with you, John Thielen and Camosy Construction we are recommending the college accept the base bid as submitted.

Following our bid evaluation we are recommending that the contract value for Camosy Construction be \$115,314.00 for the Masonry Repairs on the Elkhorn Campus. Gateway Technical College should also budget approximately \$7,350.00 for architectural and engineering fees related to the competitive bid process and reimbursable fees.

Repair Contract: \$ 115,314.00 (Contract Value for Camosy)

A&E Fees: \$ 7,200.00 (PIDA Fees)

Reimbursable Fees: \$ 150.00 (Reimbursable Fees)

Total Project Cost: \$ 122,664.00

Should you have any questions regarding our recommendation, please do not hesitate to give me a call.

Sincerely,

Jeffrey E. Bridleman

POLICY GOVERNANCE MONITORING REPORT EXECUTIVE LIMITATIONS

3.2 – HUMAN RELATIONS 3.3 – EMPLOYMENT, COMPENSATION AND BENEFITS 3.9 – SUSTAINED PRESIDENTIAL LEADERSHIP

Summary of Item:

Administration will present information that will cover Executive Limitations 3.2, 3.3 and 3.9.

- 3.2 The President shall not cause or allow conditions, procedures, or decisions which are inhumane, unfair, or undignified in the college's relationships with students, employees, or members of the community.
- 3.3 The President shall not cause or allow jeopardy to the college's fiscal integrity or public image in regard to employment, compensation, and benefits for employees, consultants, and contract workers.
- 3.9 The President shall not cause or allow the college to be unprepared for planned or unplanned interruption of Presidential responsibilities.

Ends Statements and/or Executive Limitations:

Section 3 - Executive Limitations Policies:

3.2 - Human Relations

3.3 – Employment, Compensation and Benefits

3.9 – Sustained Presidential Leadership

Staff Liaison: Jacqueline Morris

SECTION 3 - EXECUTIVE LIMITATIONS POLICY 3.2 HUMAN RELATIONSHIPS

The President shall not cause or allow conditions, procedures, or decisions which are inhumane, unfair, or undignified in the college's relationships with students, employees, or members of the community.

Without limiting the scope of the foregoing statement, the President shall not:

- 1. Fail to comply with administrative codes, rules, or regulations set forth by agencies with recognized authority over specific college activities, including administrative policies and rules of Gateway Technical College.
- 2. Operate without maintaining a balance of openness and appropriate confidentiality.
- 3. Manage the college without adequate administrative policies consistent with the Board's policies.
- 4. Operate without written rules for students and employees which (a) clearly state required and prohibited actions, (b) provide for effective handling of complaints, and (c) protect against wrongful conditions such as gross preferential treatment for personal reasons.
- 5. Prevent students and staff from using established complaint procedures.
