

## **Gateway Technical College's Transfer Fair**

Gateway Technical College is excited that you are interested in continuing your formal education beyond Gateway. Presently, over 35 separate articulation agreements exist, establishing transfer arrangements between Gateway and other four-year colleges and universities. Our goal is to provide you support as you search for institutions that fulfill your academic, professional, and personal needs. In doing so, Gateway Technical College is hosting a College Transfer Fair to provide students with the opportunity to meet with transfer representatives from several institutions at one convenient time and location. It is also an opportunity to learn more about a particular school, the degree programs offered, admission criteria, etc.
