Successful College Students...

...know how to prioritize.

College, added to what life already demands like family, work and home, can feel overwhelming. Learning to identify what is important to you is crucial for achieving goals and for managing your time. Don't just make a daily "to do" list - prioritize the items on the list. Recognize what is important and urgent. If something is both, then put it at the top of the list!

College Success Seminar - October 1

Racine Conference Center: 10:00am until 2:00pm

Maximizing Your Student Experience!

Look for the online registration link to sign up for this 1/2 day long event! The link will be available soon so that you can start the year off right and improve your college experience!
