

CNC Production Technician (31-444-2)

Technical Diploma
Effective 2026/2027

The course sequence shown on this sheet is the recommended path to completion. Courses will be scheduled in the terms indicated here. All courses should be taken in the order shown to help you stay on track and graduate according to your academic plan. Courses in this program may be offered in a variety or combination of formats (for example: in-person, video conferencing, online, etc.). More detailed scheduling information for this program can be found at <https://www.gtc.edu/cnc-production-technician>. Please see your academic advisor for additional information.

E-D = Elkhorn/days, I-D = iMET/days F=Fall, S=Spring, SU=Summer

Term	Course Number	Credits	Course Title	Requisites (prereq-before/ coreq-with)	Notes	E-D	I-D
1	890-155	1	Gateway to Success (G2S)		• Students are required to take this course in their first semester of enrollment. Please see an advisor for details.	F	F
1	*444-316	3	Foundations of CNC Machining			F	F
1	*444-331	3	CNC Machining Technology		• Faculty have identified this milestone course as providing a strong foundation for success throughout the program.	F	F
1	*444-337	3	Fund. of Blueprint and Shop Safety		• Faculty have identified this milestone course as providing a strong foundation for success throughout the program.	F	F
1	*444-339	3	Gauging and Quality Control			F	F
2	*444-333	3	Fund. of CNC Turning Applications	Prereq: 444-331		S	S
2	*444-334	3	Fund. Of CNC Milling Applications			S	S
2	*444-335	3	CNC Lathe Set-Up			S	S
2	*444-336	3	CNC Mill Set-Up			S	S
2	804-370	2	Mathematics I, Applied	Prereq: 854-760	<ul style="list-style-type: none"> • Satisfactory college placement results (through multiple measures or placement test scores) or successful remediation is required prior to enrollment. See an advisor for details. • A hand calculator capable of trigonometric functions is required for this course; the cost is approximately \$25. 	S	S
Minimum Program Total Credits Required: 27							

(*) Students must achieve a combined average of 2.0 ("C") or above for this major course to meet graduation requirements.

Students interested in continuing into the 31-444-3 CNC Programmer program can earn their technical diploma by completing an additional 12 credits. Please see your academic advisor for details.

CNC Production Technician (31-444-2)

CNC Production Technician is a well-rounded approach to becoming a CNC Technician. We teach the skills necessary for students to become qualified set-up technicians. Students are taught the basics of G-Code programming, proper M-Code usage, and the required steps to efficiently set fixture and tool offsets. Students create their own CNC programs and DNC to the proper machine tool. An excellent overall knowledge of CNC Controls is achieved by working on several different brand name controls. Overall, students will be proficient at programming, set-up, operation, editing, and part inspection.

Program Learning Outcomes

Graduates will be able to:

- 1 Apply basic safety practices in the machine shop.
- 2 Interpret industrial/engineering drawings.
- 3 Apply precision measuring methods to part inspection.
- 4 Perform basic machine tool equipment set-up and operation.
- 5 Perform programming, set-up, and operations of CNC machine tools.

Essential Career Competencies

Gateway's six essential career competencies are the general attitudes and skills promoted and assessed by all programs. All Gateway graduates will develop skills in:

- 1 Communication Competence
- 2 Critical Thinking and Problem Solving
- 3 Professionalism and Career Management
- 4 Teamwork and Collaboration
- 5 Cultural Competence
- 6 Technology Competence

Gateway Technical College reserves the right to modify curriculum requirements for students who interrupt enrollment for one year or take over seven years to complete. Tuition and material fees are determined by the board of the Wisconsin Technical College System. Consult My Gateway for exact fee amounts. The District reserves the right to modify, cancel, or relocate course offerings in response to factors such as low enrollment, resource availability, or other relevant considerations to ensure high-quality educational experiences. Students will be notified in writing and are encouraged to meet with their Academic Advisor to adjust their academic plan.

Admission Requirements

- 1 Students must submit an application and pay \$30 fee.
- 2 Students must meet one of the following: minimum cumulative high school GPA of 2.6 (unweighted); earned at least 12 college credits with a minimum GPA of 2.0; or complete valid reading, writing, and math placement assessments.

Graduation Requirements

- 1 Minimum 27 credits with a cumulative GPA of 2.0 or above.
- 2 *Average of 2.0 ("C") or above for these major courses.
- 3 Complete 890-155 Gateway to Success (G2S) in the first semester.

For a complete list of Graduation Requirements, check the Student Handbook or [Graduation Requirements](#).

Notes

- 1 Safety glasses (marked Z-87) are required in labs. If prescription glasses are needed, allow a minimum of 90 days before the program start to obtain prescription and glasses.
