

2020-2021 Certificate

Certificate: PHARMACY TECHNICIAN FUNDAMENTALS (61-536-2)

Credits: 16 Credits

Description: The Pharmacy Technician Fundamentals Certificate prepares completers to assist the pharmacist in preparation of drug products and prescriptions to be dispensed to the general public. This certificate is directed toward providing completers with the skills and knowledge needed to obtain entry-level employment in community pharmacies. Emphasis is placed on patient safety, communication and customer service in this health care occupation.

Related Program: Pharmacy Technician
