

2022-2023 Certificate

Certificate: DIGITAL PHOTOGRAPHY (90-204-6)

Credits: 12 Credits

Description: This certificate is a series of courses designed to teach advanced digital photography skills. Lighting, composition, depth of field, and creative approaches to photography will be studied. Digital tools will be explored as well as methods used to market skills as a photographer.

Note: Software purchase is suggested to participate fully in this certificate. Students enrolled in other programs, including Web Developer, Professional Communications, Marketing, and other business programs may be interested in this certificate.

Related Program: Graphic Design

The sequence shown is the recommended path to completion. Courses will be scheduled in the terms indicated here. All courses should be taken in the order shown to help you stay on track and graduate according to your academic plan. Courses in this program may be offered in a variety or combination of formats (for example: in-person, video conferencing, online, etc.).
