**Gateway's Adult Learner Fair
helps potential students navigate college entrance**

Gateway Technical College will hold its Adult Learner Fair 4 p.m. to 6 p.m. Oct. 15 in the Student Life Center of the college's Kenosha Campus, 3520-30th Ave. This event is aimed at helping students in their 20s and older to navigate the college inquiry and application process.

The fair is one more way the college is providing resources to help potential students begin – or continue – to gain career skills through a program of study. Gateway staff will be on hand to help attendees explore programs offered by the college, show how to start the application process, provide options to pay for college and map out how to finish a Gateway program that some may have started but would like to finish.

Staff will also be on hand to show attendees how to apply for the college's adult learner Promise 2 Finish tuition-free program.
