**Gateway to hold
birding workshop**

Well-known area birding expert and Hoy Audubon Society member Rick Fare will deliver a presentation on the physiological and behavioral adaptations birds have developed to survive Wisconsin winters, as well as ways to better identify specific birds, 4 p.m. to 5:30 p.m. Jan. 25 at Gateway Technical College's Center for Sustainable Living on its Kenosha Campus, 3520-30th Ave.

Fare will also provide tips on how to help these birds in winter by using different types of feeders and food.

The presentation is free, but seating is limited. A face covering must be worn at the workshop. Interested? Please RSVP center program manager Kallie Johnson at johnsonka@gtc.edu or (262) 564-2196.

Gateway Technical College's mission is to deliver industry-focused education that is flexible, accessible and affordable for our diverse community. The college collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
