**Gateway financial report
recognized nationally for excellence**

The Government Finance Officers Association of the United States and Canada has again awarded Gateway Technical College the Certificate of Achievement for Excellence in Financial Reporting for its comprehensive annual financial report.

The association indicated in its news release that Gateway's report "has been judged by an impartial panel to meet the high standards of the program including demonstrating a constructive 'spirit of full disclosure' to clearly communicate its financial story and motivate potential users and user groups to read the CAFR."

The award specifically was presented to the college's business office.

The certificate is the highest form of recognition in the area of government accounting and financial reporting, and its attainment represents a significant accomplishment by a government entity and its management.

Gateway Technical College collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
