**Gateway to offer
companion gardening workshop**

Gateway Technical College will host a companion gardening workshop starting at 4:30 p.m. March 26 at the college's Center for Sustainable Living on its Kenosha Campus, 3520-30th Ave.

Master Gardener and Master Composter Susan Obry will present on the many benefits of interplanting in a home garden. Companion planting can result in enhanced growth and flavor, higher yields and soil improvements in addition to providing pest control.

The event is free and open to the public.

Please RSVP to Center manager Kallie Johnson at johnsonka@gtc.edu or (262) 564-2196.

Gateway Technical College's mission is to deliver industry-focused education that is flexible, accessible and affordable for our diverse community. The college collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
