**Gateway to hold high school open house
for students to discover college and career options**

Gateway Technical College will host a high school open house 4 p.m. to 7 p.m. May 4, providing high-schoolers and their parents a way to learn about the college's more than 65 career programs, talk to instructors and receive help on how to start their education.

In addition, all those who enroll at the college during the event will have their \$30 admission fee waived.

While the event will be held in the atrium of the Academic Building on the college's Kenosha Campus, 3520-30th Ave., students from Gateway's district – which includes Racine County and Walworth County – are invited to attend.

Gateway's Student Services staff members will be on hand to assist students with admission and financial aid applications.

High school juniors can also attend a presentation on the Gateway Promise tuition-free education opportunity.

For more information, go to www.gtc.edu/hsOpenHouse

Gateway Technical College collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
