**Gateway reaches out to assist  
students affected by ITT Tech closure**

Gateway Technical College officials have set in place resources and staff to help former ITT Technical Institute students to continue their education and reach their career goals.

A Gateway team of new student specialists, advisers, financial aid representatives and other Student Services staff members will work with affected students to determine course options, financing, credit for prior learning and best course of action for their educational needs.

Gateway will also waive its credit for prior learning assessment and credit for prior learning course cost for these students up until the first day of the college's Spring 2017 semester.

Students can call (800) 247-7122 or visit any of Gateway's Student Services centers for assistance, or e-mail [sscontactcenter@gtc.edu](mailto:sscontactcenter@gtc.edu).

Learn more about Credit for Prior Learning Opportunities for ITT students.

Gateway Technical College collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
