Gateway chosen as “Military Friendly School” by national group for seventh straight year

For the seventh straight year, Victory Media, the premier publisher of magazines for military personnel transitioning into civilian life, has awarded Gateway Technical College the designation of Military Friendly School.

The 2018 Military Friendly Schools ratings recognize colleges with leading programs for veterans, members of the Armed Forces leaving military service and military spouses.

“It is an honor to serve our military heroes with education and training through Gateway Technical College,” said Gateway Technical College President and CEO Bryan Albrecht. “The Gateway community takes pride in serving our military veterans.

“Being recognized as a Military Friendly School is an honor that exemplifies the respect we have for our American heroes.”

The Military Friendly Schools list is created each year based on extensive research using public data sources for more than 8,800 schools nationwide, input from student veterans, and responses to the proprietary, data-driven Military Friendly Schools survey from participating institutions.

Gateway Technical College collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
