**Gateway again chosen
as “Military Friendly School” by national group**

Victory Media, the premier publisher of magazines for military personnel transitioning into civilian life, has again awarded Gateway Technical College the designation of Military Friendly School.

The 2018-19 Military Friendly Schools ratings recognize colleges with leading programs for veterans, members of the Armed Forces leaving military service and military spouses. Gateway has received this designation every year since 2010.

Gateway has designated student support specialists who help lead the college in its efforts to meet the needs of veteran-students. Gateway also provides guidance to veterans and their families in a number of areas, including academic advising, career counseling, student finance, tutoring, computer tutorials and remediation services. The college also offers credit for prior learning.

The Military Friendly Schools list is created each year based on extensive research using public data sources for more than 8,800 schools nationwide, input

from student veterans, and responses to the proprietary, data-driven Military Friendly Schools survey from participating institutions.

Gateway Technical College collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
