QuickStart event aimed at making enrollment, college inquiry smooth

Those considering college face a number of questions as they seek to choose a program and enroll, and Gateway Technical College's QuickStart event will help to make that process as smooth as possible.

The event, held 11 a.m. to 5 p.m. Dec. 11 in the Student Services Center in the Racine Building on the Racine Campus, 901 Lake Ave., will provide participants guidance on how to get started, select classes, apply for financial aid or determine career options.

"QuickStart is a great opportunity for students to get a jump start on enrolling for the spring semester," says Amanda Virzi, Gateway Technical College director of Student Access. "All of our services are here to assist students with any questions they have regarding enrolling or financial aid."

Any student who submits an application for admission will have their \$30 application fee waived.

Some specific areas of interest include:

- Learn more about Gateway's career-training programs

- Remember to bring high school transcripts, Accuplacer or ACT scores (or test at the session). Those who do can be admitted to Gateway at the event.
- Take the Accuplacer assessment. Students who wish to take this test must be on hand by 3 p.m.
- Learn about the resources available to students through the Gateway Student Support Services.
- Get assistance applying for financial aid. Go to gtc.edu/quickstart for a list of needed documents or for more information.

Gateway Technical College collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
