**Gateway to hold ribbon cutting
for RPM Manufacturing Center**

Center designed to meet the needs of Walworth County employers

Gateway Technical College will hold a ribbon-cutting for its new Reader Precision Machining and Manufacturing (RPM) Center starting at 9:30 a.m. April 20 in the South Building on its Elkhorn Campus, 400 County Road H.

The RPM Manufacturing Center represents the most modern and state-of-the-art CNC manufacturing education and technology, to best meet the training needs of Walworth County manufacturers.

“With the leadership and support of Michael Reader and Precision Plus, this center will support the many manufacturers of Walworth County with a pipeline of well-trained, highly skilled employees,” said Gateway Technical College President and CEO Bryan Albrecht.

The celebration features Lt. Gov. Rebecca Kleefisch, who will speak during the program.

The event is free and open to the public. Tours and refreshments will follow the program.

Gateway Technical College collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
