**Gateway to hold third annual  
trunk or treat event**

Gateway Technical College will hold its third annual trunk or treat, a free community event to provide a safe and fun way for children to have Halloween fun and get some candy too, noon to 2 p.m., Oct. 21, on its Kenosha Campus, 3520-30th Ave.

The popular outdoor event features several different stations on the campus where children can play a game and trick-or-treat for candy or other fun items. A different Gateway program will be at each stop, providing a variety of fun activities for children and tasty treats to gather.

The event started out as a community service project for recruits in Gateway's law enforcement academy and has expanded to include programs from across the college.

Adults and older children will also have the opportunity to learn more about the college and the programs it offers through Student Services staff members who will be onsite for the event.

Gateway Technical College's mission is to deliver industry-focused education that is flexible, accessible and affordable for our diverse community. The college collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
