**Job seekers, employers, to connect  
at Walworth County Job Fair**

Gateway Technical College will co-host the 24th Annual Walworth County Job Fair, a free event for job-seekers which provides many opportunities to meet with employers and apply for openings within those businesses.

The fair will be held 11 a.m. to 3 p.m. April 9 in the South Building of the college's Elkhorn Campus, 400 County Road H.

The event is put on by Gateway, the Walworth County Economic Development Alliance and the Walworth County Job Center.

Job seeker pre-screening is recommended and available through the Wisconsin Job Center or Gateway's career and employment services office. This process will provide job seekers with professional feedback on how to create – or refine – a résumé, preparing a good first impression to a potential employer and how to clearly articulate job qualifications. Those seeking pre-registration should go to [www.gtc.edu/job-seekers](http://www.gtc.edu/job-seekers).

More information on the fair, including the list of employers, can be found at [www.gtc.edu/JobFair](http://www.gtc.edu/JobFair).

Gateway Technical College collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
