International students who are successful at Gateway Technical College are typically those who have a personal
contact or sponsor in one of the surrounding communities. While there is public transportation in the cities of
Racine and Kenosha, many of the communities surrounding Gateway’s campuses are rural. Gateway students
commute to and from campus. Campus housing is not available.

Some things for you to think about as you plan your arrival and stay are:

When you arrive, how will you get to the area and who will meet you?
Where will you stay while you are enrolled in school?
What is your plan for finding long-term housing in the area?
How will you get to and from Gateway?
Who could assist you if you became ill?

Please provide us with who we can contact in case of emergency while you are a student here. In addition, we
need to have a contact person in your home country.

Students who have a foreign transcript and need to verify completion of a secondary credential or who are looking for possible transfer of credits will need to have their official foreign transcripts evaluated by a recognized educational translation service. *Your transcripts may need to be evaluated even if you are from an English-speaking country or your educational program was conducted in English.*

If you just need to verify completion of a secondary credential, you only need a general evaluation. A detailed course-by-course evaluation is needed for transfer of credit. There will be a fee charged for the evaluation service, however Gateway does not charge for applying applicable credits.
