The main purpose for this advance approval is to verify that courses you are taking at Gateway Technical College are the approved courses within the 1 + 3 Agreement established. This Advanced Approval form is required so that the University of Wisconsin-Parkside can verify the amount of credits for which you are enrolled. This information is vital for our processing of financial aid awards and for ensuring that you are on the right track to becoming a UW-Parkside student. **You may attach a copy of your course schedule from your Gateway Account in lieu of this form.**

**Please send either your course schedule or this Advanced Approval form to the Office of Admissions and New Student Services, 900 Wood Road, Kenosha, WI 53141 or fax to (262) 595-2008.**
