

Part-Time Pathway to Success

School of Manufacturing, Engineering, and Information Technology

Civil Engineering Technology – Fresh Water Resources (10-607-9)

Associate of Applied Science

Effective 2020/2021

The course sequence shown on this sheet is the recommended path to completion. Courses will be scheduled in the terms indicated here. All courses should be taken in the order shown to help you stay on track and graduate according to your academic plan.

I-E = iMET Center/evenings, E-E = Elkhorn/evenings, F=Fall, S=Spring, SU=Summer

Term	Course #	Cr.	Course Title	Requisites (prereq- before/ coreq-with)	I-E	E-E
1	890-155	1	📍 Gateway to Success (G2S)		F+	F+
1	*607-141 OR *607-103	2	📍 Construction Basics ^{3,6} OR Introduction to Civil Engineering & Architecture ^{3,6}		F	F
1	*607-104	3	📍 Building Material & Construction Method ³		F	F
1	804-135 OR 804-115	3 OR 5	📍 Quantitative Reasoning ¹ OR 📍 College Technical Math 1 ¹	Prereq: 834-109 Prereq: 834-110	F+	F+
1	*607-169	2	Land Surveying Basics ³		F	F
2	*607-102	2	Conflict Resolution in CET ^{3,6}		S	S
2	607-129	2	Future Trends in Construction Sciences ³	Prereq: 607-104; 607-141; 607-169	S	S
2	*607-136	2	📍 Construction Project Management ³		S	S
2	*607-170	2	AutoCAD for Construction Sciences ^{3,6}		S	S
3	*607-187	2	3D CAD: Digital Terrain Modeling ³		SU	SU
3	801-136	3	📍 English Composition 1 ^{1,6}	Prereq: 831-103 OR 831-107	SU+	SU+
3	806-127	4	Chemistry 1	Prereq: 804-197 OR 804-135	SU+	SU+
4	*607-117	2	Geographical Information Systems I ³		F	F
4	*607-183	3	Fresh Water Treatment ³	Prereq: 607-182; 806-127	F	F
4	*607-186	2	Erosion Control ³	Prereq: 607-104; 804-135	F	F
5	607-118	2	Geographical Information Systems 2 ³	Prereq: 607-117	S	S
5	607-128	3	Construction Estimating ³	Prereq: 804-135; Coreq: 801-136	S	S
5	*607-154	2	Sewer and Water Systems ³	Prereq: 607-104; 804-135	S	S
5	614-102	2	Construction Project Management 2 ³	Prereq: 607-136	S	S
6	*607-181	2	Hydrology and Conservation ³	Prereq: 804-135	SU	SU
6	*607-182	2	Sampling and Testing ³	Prereq: 607-104; 801-136	SU	SU
6	*614-150	2	3D CAD: Building Information Modeling ³		SU	SU
6	809-195	3	Economics ¹	Prereq: 838-105 OR 831-107	SU+	SU+
7	801-197	3	Technical Reporting	Prereq: 801-136	F+	F+
7	809-198	3	Psychology, Introduction to ^{1,5,6}	Prereq: 838-105 OR 831-107	F+	F+
8	*607-167	1	Capstone: CET-Freshwater Resources ³	Prereq: Instructor Consent Coreq: 607-184; 607-185	S	S
8	*607-184	2	Environmental Impact ³	Prereq: 801-136	S	S
8	*607-185	3	Waste Water Treatment ³	Prereq: 607-183	S	S

Minimum Program Total Credits Required: 65

Notes associated with courses (identified by a superscript number at the end of the course title) are located on the back of the sheet.

📍 Mastery of this course will put students on a path to achieve successful degree completion, on-time graduation, and enrich the college experience. Students are required to take this course in their first semester of enrollment. Please see an advisor for details.

📍 = Milestone Course. Faculty have identified this course as providing a strong foundation for success throughout the program.

(*) indicates students must achieve a combined average of 2.0 ("C") or above for these major courses to meet graduation requirements.

(+) indicates students may take these courses at any one of the three main campuses; Kenosha, Racine, or Elkhorn.

Civil Engineering Technology-Fresh Water Resources (10-607-9)

Civil Engineering Technology - Fresh Water Resources focuses on a wide variety of aspects within the profession of Civil Engineering – beginning with surveying, transitioning into design, and resulting in construction. The first year classes are mostly the same for programs in the Construction Sciences Group (see Note 6). Basic skills are developed and students are exposed to all areas of the various professions. This allows the student to be able to understand and communicate across the professions, plus it allows the student to discover what area they really enjoy working in. The 2nd year focuses on aspects specific to fresh water, from rainfall to testing to cleaning. The program is designed as a fusion of education and application; hence all the core classes are tied to real world experiences with a significant influx of participation from potential future employers. Some students use this program as a place to prepare themselves to transfer to a 4-year university. Most, however, use this program as a means to develop the skills that allow them to obtain a productive career in various aspects of Fresh Water Resources.

Program Learning Outcomes

Graduates will be able to:

1. Develop 3D computer models, maps, and drawings based on field measurements.
2. Develop a hydrograph model.
3. Develop a surface/groundwater water storage model. Differentiate between the various areas and functions within the profession.
4. Exhibit proper sampling and testing skills.
5. Design storm systems to meet given design requirements.
6. Develop an Erosion Control Plan.
7. Develop a plan to treat freshwater.
8. Develop a plan to treat wastewater.
9. Develop Environmental Reports exhibiting proper and clear documentation and reporting skills.

Essential Career Competencies

Gateway's six essential career competencies are the general attitudes and skills promoted and assessed by all programs. All Gateway graduates will develop skills in:

- Communication
- Professionalism and Career Management
- Cultural Competence
- Critical Thinking and Problem Solving
- Teamwork and Collaboration
- Technology Competence

Admission Requirements

1. Students must submit an application and pay \$30 fee.
2. Students must meet one of the following: minimum high school GPA of 2.6, minimum college GPA of 2.0, or complete valid reading, writing, and math placement assessments.

Graduation Requirements

1. Minimum 65 credits with an average of 2.0 or above.
2. *Average of 2.0 ("C") or above for these major courses.
3. Complete 890-155 Gateway to Success (G2S) in the first semester.

For a complete list of Graduation Requirements, check the Student Handbook or [Graduation Requirements](#).

Notes

1. A satisfactory placement test score (or successful remediation) is required prior to enrollment. See an advisor for details.
2. This is a very intense and challenging program. Poor existing skills, especially poor math skills, can always be improved. As long as you have the heart and desire to succeed, the instructors will work with you.
3. Classes offered at Elkhorn Campus via NODAL delivery. Please see an advisor for details.
4. The programs in the Construction Science Group include: Civil Engineering Tech: Highway Technology, Architectural-Structural Engineering Technician, and Civil Engineering Technology: Fresh Water Resources.
5. Transfer credits in Social Science may substitute for this course. See an advisor for details.
6. A credit for prior learning assessment is available for this course. For more information, please contact cfpl@gtc.edu.
7. Students wishing to pursue Calculus courses at Gateway should take 804-115 College Technical Math 1. Please see an advisor for details.
8. Safety glasses may be required in various classes after the first semester. If prescription safety glasses are required, please allow sufficient time to obtain your glasses prior to the start of the 2nd semester.

Gateway Technical College reserves the right to modify curriculum requirements for students who interrupt enrollment for a period of two years or take over seven years to complete. Tuition and material fees are determined by the board of the Wisconsin Technical College System. Consult My Gateway for exact fee amounts. Occasionally, the District may offer a particular course out of published sequence. By doing so, the District does not obligate itself to offer succeeding courses out of published sequence.
