International students who are successful at Gateway Technical College are typically those who have a personal contact or sponsor in one of the surrounding communities. While there is public transportation in the cities of Racine and Kenosha, many of the communities surrounding Gateway's campuses are rural. Gateway students commute to and from campus. Campus housing is not available.

Some things to think about as you plan your arrival and stay are:

- When you arrive, how will you get to the area and who will meet you?
- Where will you stay while you are enrolled in school?
- What is your plan for finding long-term housing in the area?
- How will you get to and from Gateway?
- Who could assist you if you became ill?

CREDIT TRANSCRIPT TRANSLATION/EVALUATION AGENCY

Students who have a foreign transcript and need to verify completion of a secondary credential or who are looking for possible transfer of credits will need to have their official foreign transcripts evaluated by a certified credential evaluation service. *Your transcripts may need to be evaluated even if you are from an English-speaking country or your educational program was conducted in English. If credits were earned at a higher education institution or university outside the U.S., a **Catalog Match Evaluation** is needed to award transfer equivalency credit.*

A general evaluation is required for all applicants, unless official transcripts are submitted that show:

- A degree (high school or higher) earned in the U.S. Or,
- Admission to a UW system college undergraduate or graduate degree (Not ESL).
